1 P.M. The Bishop's Luncheon for all Clerical and Lay Delegates and all Missionaries in honor of the newly consecrated Bishop, and Bishop of Connecticut and the Bishop of Tohoku.

JOURNAL OF PROCEEDINGS

Thirty-Fifth Convocation of the Philippine Episcopal Church

First Session

The first session of the Thirty-fifth Convocation of this Church was called to order by the Bishop at 5:00 P.M., Thursday, January 29, 1953 at the School of Nursing, St. Luke's Hospital, Manila. The Bishop gave the opening prayers. Then he welcomed all delegates, especially those who were delegates for the first time. He reminded all that their participation in the proceedings was necessary and welcomed.

The Roll call of Clerical and Lay Delegates showed a quorum present, and the Bishop declared the Convocation organized. Father Myrick was nominated for the Office of Secretary by Father Strohsahl, seconded by voices. The nominations were closed, and Father Myrick was declared Secretary. The Secretary appointed the Rev. Albert Masferré Assistant Secretary.

The Bishop called for Convocation Reports.

The Report of the Council of Advice was read by Father Richardson, and received as presented. (Appendix B)

The Bishop informed Convocation of the position of the congregation of the Church of the Resurrection, Baguio, and according to the Canons appointed the following Special Committee to examine the necessary forms appertaining to its desire for Parish status.

The Committee:

Clerical: The Rt. Rev. Robert F. Wilner
The Rev. Albert Masferré
The Rev. Eduardo G. Loñgid

Lay: Deputy Governor Mark Daocy
Mr. Teofilo Killip
Mrs. Evangeline Campos

The Report of the Board of Examining Chaplains, read by Father McAfee was received as presented. (Appendix C)

The Report of the Committee on Constitution and Canons, read by Father Duddington, was received as presented. (Appendix D)

The following resolution was adopted by the unanimous vote of Convocation by Orders:

'RESOLVED: That in view of the action already initiated in the House of Bishops of the General Convention, the term "Philippine Islands" as used in Article I of the Constitution be amended to read "Philippines".'

By unanimous vote, Father Foster, not canonically resident, was given the privilege of voice and vote in Convocation.

Mr. Duncan Burn moved, seconded by Mrs. Carmen Hidalgo, and Convocation passed the right of all appointed Missionaries to voice in the Convocation.

The Committee on Appointment and Support of the Ministry (1952) gave no further report. (Noted in Appendix E)

The Report of the Finance Committee, given by Miss Elizabeth Griffin, Treasurer, was received as presented. (Appendix F)

The Bishop announced that the Third Sunday after Epiphany was designated as an annual "Theological Seminary Sunday" on which an offering is to be taken for Theological Education, and that those Churches, who did not observe it, should appoint some open Sunday in the year for that purpose.

Likewise, the Bishop asked all Clerical and Lay Delegates to remember to pay the Convocation Registration fee of P5.00, if any had not done so.

The Report on Religious Education, given by Miss Bernice Jansen, was received as read. (Appendix G)

The Report on Mission Schools together with the Basic Objectives of Mission Education attached, read by Miss Constance Bolderston, was received as presented. (Appendix H)

The Bishop commented on the Budget of General Convention and the National Council's ability to use funds allocated by rules. The information was related to the Report.

The Report on the Committee on Young People's Work, read by Miss Bolderston, was received as read. (Appendix I)

The Report of the Committee on Publicity, read by Miss Helen Boyle, was received as presented. (Appendix J)

The Diocesan Journal of 1952 was orally reported to have been printed and distributed. (Noted in Appendix K)

The Report of the Registrar, by Miss Boyle, was received as read. (Appendix L)

The Report of the Commission on the Translation of the Book of Common Prayer, given by Father Mandell, was received as read. (Appendix M) It was announced that completed translations were mimeographed and can be distributed.

The Report of the Committee on Medical Scholarships, read by Miss Boyle, was received as presented. (Appendix N)

The Report on *The Anglican Churchman*, read by Bishop-elect Ogilby, was received as presented, with applause. (Appendix O)

The Report of the Woman's Auxiliary, presented by Mrs. Nancy L. Yao, was received as presented, with applause. (Appendix P)

The Bishop spoke about Mrs. Yao's singular representation of the Women's Work in the Philippines at the Triennial of the Woman's Auxiliary in Boston in 1952. Applause followed.

The Report of Delegates to General Convention (in Boston, Mass., U.S.A., 1952) were given. The Clerical Deputy, Father Masferré, reported orally on Convention itself, his Speaking Tour and his impressions on the State of the Church in the United States. Applause followed. The Lay Deputy, Mr. George Chua Khong Khi, read his report with emphasis on the work of the House of Deputies, and pointed out that the Mother Church held that Japan and the Philippines are key places of Overseas Mission endeavour. Applause followed. (Appendix Q)

The Bishop spoke about the Pan-Anglican Congress to be held in the United States in 1954, and expressed the hope of sending a Delegate from the Philippines.

The Reports on Mission Institutions (Appendix R) of

(a) St. Luke's Hospital, given by Administrator Frederick G. Joyner, was received with applause.

(b) St. Theodore's Hospital, Sagada, Mountain Province, presented by Mr. Teofilo Killip, was received as read, with applause.

Cabled greetings from Father and Mrs. Spackman, retired in England from this field, was read by the Secretary. Convocation requested acknowledgement of the Greetings by the Secretary.

After notices had been given, Father Diman moved, seconded by Bishop-elect Ogilby, adjournment. The first session adjourned at 7:15 P.M.

CONRAD MYRICK
Secretary

Second Session

The Second Session of Convocation was called to order by the Bishop at 5:00 P.M., January 30, 1953, at the School of Nursing St. Luke's Hospital, Manila. After prayer, the roll call showed a quorum present, and business was in order.

The Bishop called for a continuation of Convocation Reports. The Report of the Mission Institutions of

(c) Brent Hospital, Zamboanga, read by Miss Nancy Wilson, Administratrix, was received as presented, with applause. (Appendix R)

(d) Brent School, Baguio, read by Headmaster Richardson, was received as presented. (Appendix R)

(e) Easter School, Baguio, read by Father Myrick for Principal H. E. Shaffer, was received as presented. (Appendix R)

(f) St. Stephen's High School, read by Miss Constance Bolderston, Principal, was received as presented, with applause. (Appendix R)

(g) St. Mary's High School, given by Principal J. Randall Norton, was received as presented, with applause and laughter. (Appendix R) Comments were added by Father Bartter.

(h) St. Paul's High School, read by Principal Frederick B. Dao-ayan, was received as presented, with applause. (Appendix R)

(i) St. Andrew's Theological Seminary, read by the Very Rev. Wayland S. Mandell, Dean, was received as presented, with applause and laughter. (Appendix R)

The Bishop called for reports of new Committees, i.e. for 1953.

The Council of Advice reported its new organization, with Father Richardson as chairman and Mr. F. G. Joyner, Secretary.

The Board of Examining Chaplains requested nomination and confirmation of its members. The Bishop nominated the new Board and it was confirmed by unanimous vote of Convocation.

The Committee on Constitution and Canons announced that words "Missionary District" in official designation could not be changed to "Missionary Diocese" due to previous action to the contrary by the General Convention. The Committee resolved that the typographical error "more" be removed and the correct word, "less" replace it; it also resolved that the *Constitution and Canons* be printed and appended to this forthcoming *Journal*. Both resolutions, moved by Father Foster, seconded by Father Duddington, were adopted unanimously by Convocation.

The Report on Apportionment and Support of the Ministry, read by Father Tauli was received as read, with applause. Then Father Tauli moved that, as contained in the Report, each parish and Mission Station, except the Church of the Resurrection, be assessed an increase of 38 per centum in Diocesan apportionment. It was seconded by Father Strohsahl and unanimously passed. (Appendix E)

The Finance Committee has been organized.

The Report of the Committee on Religious Education, read by Father Masferré was received as presented. (Appendix S)

The Report of the Committee on Mission Schools, read by Bishop-elect Ogilby, was received as presented. (Appendix T)

The Report of the Committee on Young People's Work was given orally by Father Freeston.

The Report of the Committee on Publicity was received and its request that all parishes and missions are requested to contribute P5.00 each for publicity during 1953, was only moved and unanimously passed. (Appendix U)

There were no reports on the 1953 *Journal* or from the Treasurer for 1953.

The Report on *The Anglican Churchman* was received as presented. (Appendix V)

The Report of the Commission on Translation of the Book of Common Prayer, made by Father Mandell was received as presented. (Appendix V)

(m) The Report of the Special Committee concerned with the parish status of the Church of the Resurrection, Baguio, was presented by Bishop Wilner and received by the Bishop for action at this time. (Appendix X) With all necessary documents in order, the Bishop called for a motion on the consideration of Parish Status. By permission of the Chair, a committee retired from the session to prepare the motion.

The Bishop-elect nominated Miss Elizabeth G. Griffin as Treasurer of Convocation, and after Mr. Ty's second, she was unanimously elected.

Father Diman nominated Miss Helen Boyle as Registrar, and she was duly and unanimously elected.

The Bishop-elect moved that the Bishop appoint a Convocation Committee on Evangelism, as suggested by the joint session of Clerical and Lay Delegates in the morning meeting, which was seconded by Deacon Henton, unanimously passed. The Bishop appointed the Committee as follows:

The Rev. Eduardo G. Loñgid
The Rev. John W. Duddington
The Suffragan Bishop-elect

Mr. Joseph Roughgarden moved, Father Loñgid seconded, that the Secretary thank the National Woman's Auxiliary for the gift to the Philippines of \$200,000. It passed unanimously.

Father Diman resolved (1) that congratulations be expressed to Father Ogilby on his election as a Suffragan Bishop of the Philippines (standing applause), (2) that greetings be sent to Mrs. Mosher by Convocation and to Msgr. Isabello de los Reyes, Jr. Obispo Maximo of the Philippine Independent Church. Both resolutions were duly seconded and unanimously passed.

Mayor Tomas L. Benafin moved that gratitude be expressed by this Convocation to the persons and institutions who offered hospitality to clerical and lay delegates, which, duly seconded, was unanimously passed.

Also, Mayor Benafin moved that gratitude be expressed to St. Luke's Hospital for those things which have been done for the working students of the Church, which, duly seconded was unanimously passed.

Mrs. A. H. Richardson moved that greeting by the Secretary be sent to Mrs. Binsted, in America which was passed by much applause.

Mr. Matias B. Salvador, for the Committee, seconded by Mr. Balinsat moved:

"Be it resolved that the petition of the Congregation of the Mission Church of the Resurrection, Baguio, to be admitted to this Convocation and accorded the status of Parish, be accepted. Be it further resolved that the Parish limits be designated as the City of Baguio plus Ambiong and that the right of all members of the Church of the Resurrection residing outside the Parish boundaries either to retain their membership in the Church of the Resurrection or to transfer their membership to the Benguet Missons be recognized."

After thorough discussion by the Convocation, in deference to concise wording, Mr. Salvador with Mr. Balinsat withdrew their resolution in favor of the substitute motion, moved by Mr. Allison J. Gibbs, seconded by Mrs. Carmen Hidalgo, that

"Be it resolved that the petition of the Congregation of the Mission Church of the Resurrection, Baguio, to be admitted to this Convocation and accorded the status of Parish, be accepted. Be it further resolved that the parish limits be designated as the City of Baguio plus Ambiong and with the reservation to the present members of the Church of the Resurrection residing outside the parish boundary that they may choose their parish or mission."

The resolution was unanimously passed and thereby the Church of the Resurrection of Baguio became the first regular Filipino Parish in the Diocese. The Bishop welcomed and congratulated this Parish and expressed his faith in its quality and devotion to God and His Church as to be worthy of such a designation from now on. Father Loñgid moved, Father Tauli seconded, that the Secretary be instructed to write a letter of congratulation and deep appreciation to the Rector, Vestry and Con-

gregation of the Church of the Resurrection for their loyalty and devotion to our Lord through His Church which enabled them to petition Convocation for the recognition of Parish status in 1953. This was unanimously passed.

The Suffragan Bishop-elect moved that this Convocation send greetings to the Presiding Bishop of the Church in the United States. This was duly seconded and passed.

The minutes of the Second Session were then read by the Secretary, and approved.

On motion of Father Strohsahl, Convocation adjourned at 7:50 P.M., *sine die*.

CONRAD MYRICK
Secretary

APPENDIX A

THE BISHOP'S CONVOCATION ADDRESS

1953

My Brethren of the Clergy and the Laity of the Philippine Episcopal

"Grace be unto you and peace from God our
Father, and from the Lord Jesus Christ."

Our first act at this Convocation will be to return thanks to Almighty God for the life and work of those who rendered valiant service in this field in former years and who, having finished their course in faith do now rest from their labours, remembering that the fibre of their noble lives is forever interwoven into the life of this Church. Since our last Convocation we have received word of the call to the Higher Life of

ELLEN THOMPSON HICKS

Appointed March 14, 1905 — Left the field October 1917 — Died October 21, 1951

FRANCES ELIZABETH BARTTER

Appointed September 20, 1910 — Left the field July 23, 1934 — Died January 26, 1952

HAWKINS KING JENKINS, M.D.

Appointed February 11, 1930 — Left the field September 16, 1935 — Died March 15, 1952

DEACONESS SARAH MARGARET PEPPERS

Appointed February 8, 1918 — Left the Field November 22, 1927 — Died August 27, 1952.

"May the souls of the faithful departed through the mercy of God rest in peace and may light perpetual shine upon them."

PERSONNEL:

Within the past year there have been a number of Missionary Departures from the field. Most have gone on regular furlough and have returned or expect to do so. Two, the Rev. Robert Whitaker, PH.D., and the Rev. Frederick Harriman, have accepted temporary appointments in the U.S.A. and may or may not return to the field. The Rev. Harry Burke resigned to accept the Headmastership of San Miguel School in the Diocese of Los Angeles and Sister Mary Michael and Sister Juliana, who through years of faithful service had endeared themselves to all of us, were asked to remain at home to serve in the Mother House of the Order of St. Mary. Raymond Abbitt's resignation was accepted and he is now working as a layman in Pasadena, California.

Because of the difficulties of adequately staffing the work, even during the absence of missionaries on furlough, we particularly regret the necessity for any resignations. In the Mission field experience counts for even more than in the home Church. Here there are adjustments to be made, customs to be assimilated, traditions to be learned, which require time and patience, but which add to the efficiency of an appointee. So that with each succeeding year the missionary's value to the work is greatly enhanced. It is always our hope, therefore, that the missionary may feel called to life work in this field. Those to whom the vocation is given early, find greater contentment and satisfaction in what they are doing. Their dedication is complete and their work correspondingly more permanent.

This year, we have had the privilege of welcoming into our Mission family, the Rev. and Mrs. Floyd Freeston, the Rev. and Mrs. Roland Foster, the Rev. and Mrs. Willis Henton, Miss Ruth Dale and Sister Kiara. We are also glad to welcome back one who has been absent for some time, Sister Mary Oliva. Seldom in one year has our family been so strengthened by the addition of so many unusually well qualified and experienced workers. We rejoice in their fellowship and assistance and pray that they may find satisfaction and happiness in their life and work in the Philippines.

ORDINATIONS:

While there is a degree of uncertainty as to the permanency of the Missionary staff, due to furloughs, resignations and retirements; we give thanks to God for the vocations granted our Filipino brethren and for the increase in their numbers. Most of them, because of their youth, can look forward to many years of service and thereby add the elements of permanency and continuity needed, if we are to succeed in our objective of establishing a strong branch of the Anglican Communion in this land. In 1952 the following ordinations were held:

To the Diaconate: The Rev. Isabelo Lachawan
The Rev. Luke Filomeno Bagano

To the Priesthood: The Rev. James L. Bawayan
The Rev. Manuel Kiley
The Rev. Alejandro Roman Tauli

In addition to the Filipinos ordained, the Rev. Willis Henton, who had transferred as a Candidate to this Missionary District, was ordained to the Diaconate in the Church of the Holy Communion, Newark, New Jersey.

CONSTRUCTION:

Along with the increase of trained personnel, I am glad to report an increase in the material fabric of our Church. During the past year

construction was strated, and in some cases completed, on the following buildings:

1. Brent Hospital, Zamboanga
2. The Administrator's cottage, Brent Hospital
3. A Rectory for the Church of the Resurrection, Baguio
4. A Priest's House at Nangi, an outstation of the Mission of St. Francis of Assisi
5. A cottage for Deaconess Ashcroft at the Mission of St. Michael and All Angels, Tadian
6. Three mission residences for the use of the faculty of St. Andrew's Theological Seminary
7. A Missionary residence on Gral. Luna with quarters on the first floor for St. Luke's Woman's Board, and with space reserved for a Religious Book Store, which we hope to open this year
8. A Priest's House at St. Paul's Mission, Balbalasang
9. A Chapel at Mainit

Within the current year, through generous gifts received from the National Council, the permanent buildings of St. Andrew's Seminary, for which the contract has already been signed, will, we pray, be completed. And we congratulate the Rector and Vestry of Holy Trinity Parish, Manila, who have ordered work started on the erection of a Church building, for which ground has already been broken.

In addition we hope that work soon be started on the following buildings:

1. A Chapel and Priest's quarters for the Mission of the Holy Nativity, Lonoy
2. A Chapel to replace the present very dilapidated one at the Mission of St. Gabriel, Data, outstation of Tadian
3. A Parish House with dispensary at the Mission of St. Michael and All Angels, Tadian, funds for which have been contributed by the children of the Church in the U.S.A. through the Children's Birthday Offering of 1952
4. At least one of the Chapels of the Cathedral of St. Mary and St. John, to be erected on the España Property
5. A Chapel at Masla, an outstation of Tadian

Due to the planning and supervision of Mr. J. Van Wie Bergamini, Mr. John Stokes and Mr. Joseph Roughgarden, we feel that good buildings are being erected at minimum cost. And we are proud that much of the work done on the buildings already erected, was done by communicants of our own Church.

INSTITUTIONAL WORK:

I will not go into details regarding the fine work accomplished by our staff with the buildings and equipment at their disposal. These will be made known to you through the reports to be presented to Convocation. I do want to stress, however, the debt of gratitude which the Church owes to those upon whom falls the responsibility for administering our institutional work. The need for expansion, especially in some areas, is so great and the pressure to do so, so insistent, that it takes great patience and ingenuity on the part of the administrators to keep the work adequately staffed and the expenditures within the bounds of our financial ability to support it.

In regard to our Mission Schools, I feel that the time has come when we should make a thorough study of this department of our work, with a view to raising the academic standards where necessary, effecting better cooperation between our several educational institutions, and to determine whether or not the National Council appropriation for this work is equitably apportioned. To this end, I request that the Suffragan Bishop-elect in cooperation with the Committee on Mission Schools, of which he will be a member, make during the current year such a study of the work and finances of the Mission Schools and submit a report to me with recommendations. The Bishop and the School Boards, after careful consideration of the report and the recommendations, will take such action as in their judgment may seem wise and possible. The report will also be submitted to the 1954 Convocation together with a report from the Bishop as to what action has been taken to implement that recommendations.

In order that there may be no misunderstanding or false hopes aroused by this action, I would remind Convocation that our schools function under the laws of the Philippines, each with its own Board of Trustees, and that the appropriation received from the National Council is limited. Any recommendations made by the Committee calling for increased expenditures, can only be implemented by an increase in income from school fees, by local gifts or by a more equitable use of the National Council appropriation.

It is my hope that the Committee may clarify the objectives of our educational program and answer, among others, the following questions:

1. What immediate steps should be taken to improve and coordinate our educational work?
2. What goals should be set for its future development?
3. How is such development to be financed?

I ask that those in charge of our Mission Schools assist the Committee in every way possible, so that it may present a comprehensive and helpful report.

And now briefly a word about our Hospitals. Two are now adequately housed. St. Theodore's has been thoroughly repaired and enlarged since the war. It functions smoothly and the staff does a magnificent work. Thanks to the generosity of the Church at home, it is in a position to do a great volume of free work. It is the only one of our three hospitals which receives a direct maintenance appropriation from the National Council.

Brent Hospital now occupies its beautiful new building, which is to be dedicated in February. Our thanks are due Mr. Roughgarden and those associated with him in the planning and construction for very fine work. There remain auxiliary buildings to be erected, such as the Nurses' Home, a cottage for the Resident Physician and quarters for the Intern. These we hope may be erected in the near future. The task of selecting equipment, moving and making the hospital function smoothly in its new quarters, has fallen upon the Administratrix, Miss Nancy Wilson, and Dr. Trota.

We must now concentrate our efforts upon the erection of the new buildings for St. Luke's Hospital. Real progress has been made towards securing an adequate building fund. The Woman's Auxiliary of the U.S.A. in its recent Triennial Convention, allocated \$200,000 from United Thank Offering funds for this purpose. This, I understand, is twice the size of any gift made for one institution in the past. I trust Convocation may take note of this very generous contribution and send a message of thanks to the officers of the Woman's Auxiliary. I am also thankful to report that General Convention for the first time officially recognized our

needs for new buildings and authorized a special campaign to raise \$700,000 to complete the Building Fund. The date for launching the campaign within the trienium will be decided by National Council. Locally the Woman's Board and the Board of Governors of St. Luke's have undertaken to raise \$125,000.

During the current year the plans and specifications for the new buildings should be perfected and actual construction started not later than 1954. The staff of St. Luke's has lived in expectation of adequate buildings for a number of years and we hope that it may not have to wait much longer.

There is no question as to the high quality of service rendered by our hospitals to an ever increasing number of people. Through these three great institutions and our dispensaries in more isolated places, the sick and wounded and the afflicted, through the devoted services of doctors, nurses and lay assistants, continue to experience the healing hand of the Great Physician stretched out in mercy over them. I believe that the Church, in proportion to its numerical strength in these Islands, is measuring up to its responsibility for the welfare of the bodies as well as the souls of men.

Our schools, hospitals, dispensaries, school dormitories, the Sagada Orphanage and the Trinidad Club House are auxiliary to and a means of accomplishing our chief objective, the salvation of men. This we must always keep in mind and so use them that they are truly instrumental in revealing the love of God to men. It is part of the Messianic work of Christ, committed to His Church. Hearing must be restored to the deaf, the lame must walk again, the blind see, the lepers be cleansed, but most important of all, the poor must have the Gospel preached unto them.

EVANGELISTIC WORK:

In this field, I think we can honestly say, that the emphasis has been rightly place upon the salvation of men and upon their growth and development in the spiritual life. God grant that it may always be so. Irrespectively of differences of nationality we have worked together as brothers in Christ, and co-workers with Him, to bring salvation to those committed to our care. Our numerical strength has steadily grown from year to year. We are building up a strong Filipino Ministry, through the work of St. Andrew's Seminary, and there is a marked evangelistic spirit in the work of our Woman's Auxiliary, our Young People's Organization, and among our lay people generally. More I think could be done by way of emphasizing the importance of the Priesthood of the Laity. The clergy need their active support and voluntary assistance in every phase of their work. As they go forth to preach the Gospel or to apply the Gospel, under Christ's commission and as your representatives, they must be conscious that they are upheld in their work by the prayers of the faithful, who may be working in office, school or rice field, but who are nevertheless adding their strength to that of God's Ministers. Real success in evangelistic work comes as a result of the whole Christian community working as a unit under the leadership of their priest for the extension of the Kingdom.

It has been gratifying to note the degree of cooperation between the Priest and the laity in the Church of the Resurrection, Baguio. As a result of that joint effort they have been enabled to present to the Bishop and the Council of Advice, the satisfactory evidence required by our Canons for recognition of Parish Status. I trust that when this question comes before Convocation for official action, it may receive your sympathetic consideration. The granting of parish status to a congregation imposes upon such congregation not only the responsibility

of financial self-support and spiritual responsibility for the work of the Church within the parish limits; but also an increased responsibility for the work of the whole Church. When a congregation becomes a parish, it reaches maturity within the Diocesan family and the less developed congregations look up to it for inspiration and support, as a young brother looks up to an elder brother. So if Convocation sees fit to grant the petition of the congregation of the Church of the Resurrection and accords to it Parish Status, we shall expect more and not less cooperation than in past years.

SELF-SUPPORT:

Closely connected with evangelism is the matter of self-support. Our underlying policy has been endeavor to build up payments on the Diocesan Apportionment until the total equals the amount paid in salaries to our Filipino Clergy. We are far from this goal as yet. Moreover, with each ordination of a Filipino the goal recedes. I feel strongly that the general policy is correct. It is based on good Scriptural authority. At the same time I am aware of the economic situation confronting many of our people and I consider the progress made in the matter of self-support since the war very good, in spite of several disappointments during this past year. I do not believe that any of the quotas were in excess of the ability of our people to meet. Annually there is numerical growth in each congregation and that growth should be reflected in its contribution to the Diocesan and General Apportionments. It is upon this theory that the Church in the U.S.A. bases its appeal to the Missionary District for an increased of self-support. I am of the opinion that the Priest and his people should consider that adequate payments to the Diocesan Apportionment, which are used to help pay the salaries of the Filipino Clergy, should have prior claim upon their resources.

This year I have appointed all of the Filipino Clergy and one lay delegate from each station to membership on the Committee on Apportionment and Support of the Ministry. I trust that having shared in the determination of the quotas, both priest and lay delegate will assume responsibility for presenting this very important matter to their congregations and urge upon them the necessity of meeting the quotas.

GENERAL CONVENTION:

As a Missionary District of the Episcopal Church in the U.S.A. we are keenly interested in each General Convention. The Convention last year in the city of Boston was marked by a quiet spirit of confidence in the ability of the Church to make a vital contribution to the solution of the disturbing problems of our times. There was no inclination to underestimate the strength of the evil forces at work or failure to recognize our individual and corporate responsibility for the sin of the world. There was a marked absence of party spirit, perhaps due to the fact that few controversial questions were introduced in either House of Convention, and to the recognition of the need for the Church to close its ranks, so that it might make its full impact upon society at this critical period in world history.

The presence of His Grace, the Archbishop of Canterbury, made us conscious of the strength and the far reaching influence of the Anglican Communion and the solidarity of our great branch of the Catholic Church. There was an evident desire on his part as well as on the part of our Presiding Bishop to plan and work very closely together. This was particularly noticeable in dealing with a situation in Brazil where the establishment of a National Brazilian Church has given rise to questions regarding the ecclesiastical status of certain long established British Chaplaincies in that country.

Much of the time of Convention was consumed with the presentation of the Budget and Program for the next three years. During the discussion of the Budget and throughout the whole Convention, it was gratifying to note the resurgence of interest in the Church's Missionary Program. At each Convention the emphasis seems to fall on some particular phase of the Church's work. For instance, at the San Francisco Convention it was definitely upon Religious Education. But at Boston the emphasis was on the work in the Mission fields, at home and abroad. This was apparent in Committee meetings as well as on the floor of the Convention. The Budget finally adopted was the largest in the history of the Church. However, we have to remember that the question of inflation comes into the picture and that while in number of dollars it was the largest, in purchasing power it will probably not prove to be so.

Through the initiative of Bishop Bentley, the overseas Bishops had an opportunity to meet in conference with him for a full day. This conference contributed to a better understanding between the bishops in the overseas fields and the Department, and helped towards a mutual understanding of each others problems.

The Convention was, of course, of special significance to the Church in the Philippines. First because our Church in this country was represented for the first time by one of our own Filipino priests, the Rev. Albert Masferré, and by Mr. George Choa, our lay deputy. Both will have an opportunity to report to Convention.

Your interest and mine were particularly centered on the reaction of the House of Bishops to my request for additional episcopal assistance. The question came before the House in that form, and as is customary was referred to the Overseas Committee of the House of Bishops for consideration and recommendations. The Committee was in unanimous agreement that addition episcopal assistance was needed. The Committee then considered the form this assistance should take in accordance with my announced intention, and with the approval of the Council of Advice, I requested the election of a Coadjutor, stressing my readiness to resign and make way for the election of a younger Bishop, if in the judgment of the House of Bishops, the Church in the U.S.A. should not be asked to support three bishops in the Philippines. After careful consideration of all questions involved, the Committee recommended to the House the election of a second Suffragan, which recommendation was subsequently approved by the House of Bishops. Nominations, as you may know, are made by the Overseas of the House to fill vacancies in the episcopate overseas. Other nominations may be made from the floor and the bishops are at liberty to vote for a priest, who may not have been nominated. The election was held in Emmanuel Church, Boston, after a Celebration of the Holy Communion and special prayers for the guidance of God's Holy Spirit. On the first ballot, the Rev. Lyman Cunningham Ogilby was elected to be the second Suffragan Bishop of this Missionary District, and after confirmation by the House of Deputies, the Bishop of Connecticut and the Bishop of the Philippines were appointed a Committee to notify him.

It is a matter of great satisfaction to me, as I know it is to Bishop Wilner and the other members of the staff, that Father Ogilby accepted his election. I felt very keenly that the House of Bishops in this election had the guidance of the Holy Spirit and that the call which came to Lyman Ogilby was a call from God for wider and more responsible service in His Church. He has our prayers, our affectionate good wishes and I know that I can assure him of your full and complete cooperation.

I asked for additional episcopal assistance, not that I might have an easier life, but that with more assistance, the District might have better pastoral care. It is with great joy that I look forward to the Consecration of Father Ogilby on the Feast of the Purification. He will come to you,

as does Bishop Wilner, with the full authority of a Bishop in the Church of God. As such I know you will receive and honor him. The ultimate responsibility for the work of the Missionary District, the House of Bishops has been fit to leave in my hands. I will, however, be guided in my decisions by the advice of the Suffragan bishops as well as by the Council of Advice.

I know there is a natural desire to have the newly consecrated Suffragan Bishop make official visitations to all our Mission stations as soon as possible. A desire which I share with you. However, both he and I will have to ask your indulgence for a few months until a successor is found for him on the faculty of Brent School. The Headmaster has relieved him of many of his classes, and he will be available for visitations to Mission stations in the neighborhood of Baguio, but until the end of the present school year, will not often be available for more remote visitations.

CONCLUSION:

I believe that this Convocation marks the beginning of a new and interesting era of advance in the work of our Church in the Philippines. The past seven years since liberation will probably be remembered as a period of reconstruction and rehabilitation, not only of the material fabric but of the spiritual foundations of our congregations and institutions. Seven years ago most of our buildings were in ruins, practically all records had been destroyed and many of our congregations had been without the ministrations of bishops and priests for the greater part of the war years. Today, thanks to the generosity of Mother Church, more efficient buildings replace those destroyed in the provinces, records have been reconstructed and set in order, and the spiritual life of our people, I believe has been greatly strengthened. But while we have been engaged in trying to replace that destroyed or impaired in the war, through the indwelling of the Holy Spirit and the devoted labors of clergy and laity, some notable advances have been made.

A high school has been established in Balbalasang and the high school department of St. Stephen's Chinese School opened. St. Andrew's Training School, formerly located in Sagada, has been supplanted by St. Andrew's Seminary, Manila, with an excellent faculty, a fine student body, and high spiritual and academic standards. As a result of its work, we have a number of well trained Filipino priests serving the Church with great credit. The Sisters of St. Anne have come to stay with us permanently and have established a House at the Mission of St. Francis of Assisi, Upi. The Sisters of St. Mary the Virgin, directed and trained by the Sisters of St. Mary, have laid the foundations for a Filipina Sisterhood. And under their charge has been developed the Orphanage at Sagada. The Mission of St. Michael and All Angels, Tadian, has been raised to the status of a Central Mission Station. The Woman's Auxiliary, which in pre-war years was directed by our lady missionaries, appointed by the Bishop, now elects its own officers and has demonstrated its ability to conduct efficiently its own activities. Our Young People's Organization, through the joint efforts of missionary and Filipino personnel, has co-ordinated and expanded its work. A Scholarship Fund has been established for a limited number of qualified young people with a vocation for medicine. Another Fund for the higher education of young Church women has been started. The Church is contributing much more towards self-support than at any previous time. And there has been developed during the war and since, a fine bond of fellowship and a spirit of unity within our Church which is inspiring and helpful. Moreover, we have been privileged to convey Apostolic Orders to the great Philippine Independent Church and to assist with the education of its candidates for the Sacred Ministry and enjoy its friendship and confidence.

If in the difficult post-war years, when so much of the time and energy of the staff had to be expended on the business of reconstruction and rehabilitation, so much was accomplished, it does not require a prophet to foresee that very great advances will be made, under God's blessings, within the years immediately ahead. Although we still desperately need additional personnel for certain key positions and more buildings, especially in Manila, still in most places we are well equipped both as to buildings and personnel to go forward in the name of the Lord and under His leadership to make a real contribution to the building up of His Kingdom in this Republic. In our case, it is certainly true that

"The future comes not from before to meet us but streams up from behind over our heads."

APPENDIX B

REPORT OF THE COUNCIL OF ADVICE

I. The Council of Advice appointed by the Bishop at the Convocation of 1952 held its first meeting at the Bishop's House on Saturday, March 1, 1952. (An informal meeting held on January 24th for the purpose of organizing had elected Fr. Richardson, Chairman and Mr. Frederick Joyner, Secretary.) At the meeting of March 1st all members were present: Fr. Richardson, Fr. Wei, Fr. Longid, and Fr. Mandell, Clerical members; Mr. S. C. Choy, Mr. Duncan Burn, Mr. George Main, and Mr. Frederick Joyner, Lay Members. The discussion was chiefly concerned with offers that had been made for purchasing the old Cathedral property. The Council approved an offer by Meralco for 5000 square meters at P75.00 per square meter and the granting of a 30-day option. It disapproved an offer for the remainder because it felt the price was too low. The Council was of the opinion that approximately P75 per meter was a fair price, and that if a mortgage was proposed, eight percent interest should be asked.

A second question concerned the transfer of title of the property on which Holy Trinity Church is being constructed from the Corporation Sole to the Domestic and Foreign Missionary Society. The Council advised against any change of title at the present time.

Third, the Bishop having given notice of the renunciation of the ministry by the Rev. Raymond Abbitt, the Council of Advice gave its consent to the pronouncement of the sentence of Deposition by the Bishop.

II. The second regular meeting of the Council of Advice was held on May 27, 1952 at the Bishop's House. Action was taken officially on the following points: (1) Mr. Valentin Biteng was recommended to the Bishop for admission as a Candidate for Holy Orders. (2) The applications for Ordination to the Priesthood of the Rev. Messrs. James L. Bawayan, Manuel O. Kiley, and Alejandro R. Tauli, Deacons, were received. The Council recommended to the Bishop that these three Deacons be ordained to the Priesthood.

The Bishop reviewed for us his correspondence with Silliman University regarding the possibility of appointing a Missionary of our Church as an instructor on the faculty of Silliman. The idea appealed to some of the Council, but it was felt that such an instructor, if appointed, should be an ordained missionary with the status of an Episcopal Chaplain. Since both the proposal and the discussion of it were tentative in nature, no action was taken at this time.

The Bishop then announced several appointments which required no action on the part of the Council.

The Bishop informed the Council that he felt the time had come when, because of his age, health, and the increasing demands made upon

his time and energy by the natural expansion of the work of the Missionary District, he should either retire or request the election of a Bishop Coadjutor. A full and frank discussion followed; various suggestions were made as to type of episcopal assistance needed; and it was not long before unanimous agreement was reached by the Council: first, that the Bishop should not resign at this time; and second, that he should ask for the election of a Bishop Coadjutor at the September meeting of the House of Bishops.

The meeting adjourned after a very pleasant dinner at the Bishop's.

During the absence of the Bishop in the United States no meetings of the Council of Advice were held.

III. The third and final meeting of the Council of Advice was held in the Bishop's Office on January 28, 1953. The Bishop reported that two parcels of land on the old Cathedral property on Calle Isaac Peral have been sold: namely, (1) 2200 square meters to Kodak Philippines and (2) 65000 square meters to The United Service Corporation. The price in each case was ₱75 per square meter. The first sale was for cash ₱165,000.00; the second, amounting to ₱487,500, was one-half in cash with a mortgage for the remainder. This disposes of something more than one-half of the old Cathedral property at a very favorable price.

The following official actions were taken by the Council at this meeting.

1. It was recommended to the Bishop that the Candidacy of the Rev. Willis R. Henton be shortened from three years to two years and four months.
2. It was recommended that the term of the Diaconate of the Rev. Willis R. Henton be shortened from one year to nine months.
3. It was recommended that the term of candidacy of the Rev. Isabelo Lacbawan be shortened from three years to two years and seven months.
4. It was recommended that the term of candidacy of the Rev. Luke F. Bagano be shortened from three years to two years.
5. The Council recommended that Mr. Theodore E. Arciso and Mr. Alfred Lomeng be admitted as Candidates for Holy Orders.
6. The Council recommended to the Bishop for Ordination to the Priesthood the three deacons: the Rev. Willis R. Henton, the Rev. Isabelo Lacbawan, and the Rev. Luke F. Bagano.
7. The petition of the Congregation of the Church of the Resurrection, Baguio, requesting that it be accorded parish status by Convocation, together with a copy of the Constitution and By-laws of the proposed parish and all the other papers required by Canon, were received by the Council.

All these papers were found to be in order. A report of conferences held in Baguio, on September 24th and October 7th, regarding the question of Parish boundaries, membership, and so forth, was made to the Council of Advice by Fr. Richardson. After a thorough discussion of the whole question, including the problems involved, financial and otherwise, the Council of Advice passed the following resolution:

"The Council of Advice recommends to Convocation: (1) to accord parish status to the congregation of the Church of the Resurrection, Baguio: (2) to designate the parish limits as the City of Baguio and the barrio of Ambiong (outside the city limits); and (3) to recognize the right of all members of the Church of the Resurrection residing outside the parish boundaries either to retain their membership in the Church of the Resurrection or to transfer their membership to the Benguet Misisions."

8. The Council of Advice, after consulting with the Priest-in-charge of Tadian, recommended to the Bishop that the Mission of St. Gregory, Bagnen, be separated from the Mission of St. Michael and All Angels, Tadian, and that it be placed directly under the Rev. Theodore Saboy as Priest-in-charge.

The meeting then adjourned. This concludes the report of the Council of Advice for the past year.

Respectfully submitted,

ARTHUR H. RICHARDSON
Chairman

To the Thirty-fifth Convocation of the Missionary District of the Philippines

The Council of Advice, having received all the official documents and reports, together with the Constitution and By-laws of the proposed Parish, in accordance with the requirements of Article 13 of the Constitution of the Missionary District of the Philippines, has given careful study and consideration to the petition of the Congregation of the Church of the Resurrection, Baguio, to be accorded the status of a Parish and to be admitted into union with this Convocation.

The Council of Advice hereby approves the petition of the Congregation of the Church of the Resurrection, Baguio, and recommends to Convocation:

- (1) to accord parish status to the Congregation of the Church of the Resurrection;
- (2) to designate the parish limits as the City of Baguio plus Ambiong; and
- (3) to recognize the right of all members of the Church of the Resurrection residing outside the parish boundaries either to retain their membership in the Church of the Resurrection or to transfer their membership to the Benguet Missions.

The Council of Advice therefore recommends and approves the admission of the said congregation of the Church of the Resurrection, Baguio, into union with this Convocation as a duly organized parish.

ARTHUR H. RICHARDSON
Chairman, Council of Advice

APPENDIX C

REPORT OF THE BOARD OF EXAMINING CHAPLAINS

At the session of Convocation held on January 23, 1952, the Bishop appointed the following to the Board of Examining Chaplains: The Rev. Leo Gay McAfee, The Rev. Arthur H. Richardson, The Rev. Harry T. Burke, The Rev. Lyman C. Ogilby, and the Rev. Albert Masferré.

On January 24, 1952, an organizational meeting of the Board was held on St. Luke's Hospital compound. The Rev. Leo Gay McAfee was elected Chairman and the Rev. Albert Masferré, Secretary.

On June 27, 1952, the Bishop appointed the Rev. Vincent H. Strohsahl as a member of the Board to fill out the unexpired term of Fr. Burke who had returned to the U.S.A.

As Mr. Gregorio Pangwi, a graduate from St. Andrew's Seminary and a candidate for Holy Orders, was anxious to take his examinations, and as it was impossible to get a quorum together in Manila or Baguio to give the examinations, due to the absence of Fr. Masferré in the U.S.A and the inability of Fr. McAfee and Fr. Strohsahl to leave their work in the South just then for the purpose, it was decided to conduct the written examinations in accordance with Paragraph 3 of Article 2 of Bulletin No. 59: "Rules for Diocesan Board of Examining Chaplains," recommended by the Commission of the Ministry for each Diocese and District, which reads as follows:

"A majority of the Board shall constitute a quorum, but any two members shall be sufficient to conduct written examinations for which the questions on each paper have been approved by a majority of the Board, which majority shall also be requisite to the passing or rejection of any and all papers submitted by applicants."

Accordingly, Mr. Pangwi was given his written examinations in Brent School, Baguio, during the first four days of September, 1952, under the supervision of Fathers Ogilby and Richardson. He did well in most subjects, in the judgment of the three Chaplains who graded all his papers in every subject, as required by the aforesaid rule. His examinations will be completed by a general oral examination and also a special oral examination in Christian Education to be given in the presence of the Bishop and the whole Board on Saturday, January 31, 1953.

Respectfully submitted,

LEO GAY McAFEE
Chairman

APPENDIX D

REPORT OF THE COMMITTEE ON CONSTITUTION AND CANONS

The following resolution, adopted by a 2/3 majority in the Convocation of 1952, and requiring ratification by this Convocation is presented for final action.

RESOLVED: That in view of the action already initiated in the House of Bishops of the General Convention, the term "Philippine Islands" as used in Article I of the Constitution be amended to read "Philippines".

The Committee would reiterate the request made in the Report of the 1951 Committee as submitted to the Convocation of 1952 that the Bishop and Convocation should consider the advisability of printing and binding the Constitution and Canons along with the proceedings of Convocation, for the convenience of clergy, lay delegates, parish vestries and students of Canon Law at the Seminary.

Respectfully submitted,

JOHN W. DUDDINGTON
Chairman

APPENDIX E

NOTE: The Report of the Committee on Apportionment and Support of the Ministry was deferred at the first session and was given in the Second Session in the Reports of Special Committees.

APPENDIX E

REPORT OF THE COMMITTEE ON APPORTIONMENT AND SUPPORT OF THE MINISTRY, 1953

The Committee on Apportionment and Support of the Ministry for 1953 that was appointed by the Bishop met at 3 o'clock on January 29, 1953 at the Nurses' Classroom. With Fr. Loñgid acting as temporary Chairman, the Committee next voted to make his office permanent. The election of a Secretary followed and Fr. Tauli was elected.

The Chairman then asked the Secretary to read the letter from Bishop Bentley of the Overseas Department of the National Council that he had sent to our Diocesan Bishop which tells, among other things, the need of increasing the local support in the Overseas fields. Then a letter from our Bishop, a copy of which was printed in the July issue of the Diocesan Chronicle was also read. This particular letter makes mention of the ASKINGS for 1953. Further, it tells what our Church people expect to contribute toward the salaries of the Filipino clergy in 1953. This amount is ₱16,400 (\$8,200.) or ₱4,545. (\$2,272.50) more than that of last year which was ₱11,855. (\$5,927.50). To those who are arithmetically-minded, this increase is approximately 38% more than last year's allotment.

The Committee, feeling that the increase has to be met in one way or another, proceeded to find ways and means of increasing the alms giving among our Church people, for it is only when our congregations learn to give more that any increased allotment that will be given to the different Parishes and Stations will be met. Various ideas, theoretical and practical, were presented by different persons for the information and possible trial in other stations in getting people to give more for the work of God in His Holy Church. Among other things, the following were brought out:

1. Strengthening the faith of our Church members through instruction and more instruction. It has been pointed out that the more the person knows about his Church and why he gives alms, the more he will give freely for the support of the Church.
2. Proportionate-giving should be emphasized among our people. This simply means the recognition of the fact that everybody, from the poorest to the wealthiest, ought to give something, in proportion to his income.
3. To explore various ways of collecting more alms. Among the various practices in some stations which may be tried by others are:
 - (a) Collecting birthday offerings from those whose birthdays are remembered in the Church services.
 - (b) Alms to be collected at funeral services, anniversary Masses for the faithful departed or for marriages.
 - (c) Collecting alms from couples marrying in the Church.
 - (d) Encouraging the giving in kind. In this connection, the giving of containers (paper bags or empty cans) to the people has been proved by some to produce greater and more successful results.

After these and some other possible ways of increasing alms-giving by our Church members were discussed and after all present seemed convinced that there are indeed many things that they might try to increase the giving power of the Congregations in various places, a resolution to re-apportion the increase to the various Parishes and Stations was in order. Fr. Moiket therefore moved, seconded by Fr. Accos, that in order to meet the increase, every Parish (except the Church of the Resurrec-

tion, Baguio) and Station in the Diocese be given a 38% raise in their Diocesan Apportionment, but that Stations which can give more than the stated percentage will do so with appreciation. The motion was unanimously carried.

For the sake of record, "It was moved by Mr. Suluen and seconded by Fr. Rulite that the General Apportionment for 1953 remain the same." Carried.

Finally, in view of the suggestion in paragraph 3 of the Committee's 1949 report that "beginning in 1953, a plan be worked out whereby there would be a gradual increase in the percentage of the requirements for the salaries of Filipino clergy to be raised locally, with the ultimate aim of achieving one hundred percent", and since such suggestion is also re-echoed by Bishop Bentley's letter which he sent to our Bishop, Fr. Diman moved, seconded by Fr. Accos, that the Chairman appoint a Committee of seven to study the matter and formulate the necessary plan and to make their report regarding this as soon as possible. This motion having been carried, the Chairman appointed the following to compose the sub-Committee: Fr. Strohsahl, Chairman, Fr. Diman, Fr. Accos, Fr. Dud-dington, Fr. Wei, Gov. Mark Daoey and Mayor Tomas Benafin.

There being no more business to be discussed, the meeting was adjourned at 4:20 P.M.

The Committee desires to extend its sincere congratulations to the Congregation of the Church of the Resurrection, Baguio, for assuming the status of a regular Parish. We wish them every success in their courageous effort. The Committee hopes and prays for other Stations to follow the footsteps of the Church of the Resurrection.

The Committee further wishes to congratulate all the Stations and Parishes for meeting their General and Diocesan Apportionments, especially those who overpaid their allotments.

Respectfully submitted,

EDUARDO G. LOÑGID
Chairman

APPENDIX F

REPORT OF THE FINANCE COMMITTEE

Our committee met January 29, 1953 and we wish to make the following report:

1. We wish to express our appreciation to the Bishop for making funds available in the amount of ₱2,379.71 to take care of Convocation Expenses over and above the amounts received from the parishes and mission stations.

2. Our General Apportionment has been overpaid by ₱96.00 due to the fact that Holy Trinity Church, Manila, overpaid theirs by ₱91.00 being the amount of their mite box offering and the Benguet Missions overpaid theirs by ₱5.00 which in accordance with their wishes was sent to New York making up the overpayment of ₱96.00.

3. When the books were studied in order to make up this report, it was found that there was a balance of ₱28.00 in the Theological Seminary Sunday offering and we wish to say that this was disbursed immediately to St. Andrew's Theological Seminary. As it was paid in 1953, this payment will necessarily show on our report for next year.

4. We have received word that our General Apportionment for 1953 will be the same as that for 1952, that is, ₱2,000. or \$1,000. It is earnest-

ly requested that all stations start sending in their apportionment payments as early as possible so the Treasurer can meet our obligations promptly. We realize that we necessarily start the new year with a handicap by not receiving our assignments until during Convocation.

5. We wish to call to your attention that all funds raised by Convocation must be paid to the Treasurer of Convocation.

6. The financial statement of receipts and disbursements is attached hereto as part of this report.

Respectfully submitted,

ELIZABETH G. GRIFFIN
Chairman

FINANCIAL STATEMENT — for the year ending December 31, 1952

Balances as of January 1, 1952:

General Apportionment	218.02	
Diocesan Apportionment	722.60	
Theological Seminary Sunday	28.00	P 968.62

APPENDIX G

REPORT OF THE COMMITTEE ON RELIGIOUS EDUCATION

The Chairman, Fr. Masferré, called a committee meeting at eleven o'clock the morning of January 24, 1952. There was a general discussion of the need of better teaching materials, the training of teachers and better and more uniform instruction throughout the Diocese.

Fr. Kollin suggested that if priests saw some teaching materials, they might be able to buy some. He also spoke of the popularity of the colored slides in the teaching of the Bible.

The Chairman asked Fr. Duddington and Miss Jansen to select what they considered good courses and materials and bring them to the next committee meeting. It was agreed to have the next meeting in Sagada the first week in May while the Manila members were there on vacation.

The second committee meeting was held in the sala of the home of Mr. and Mrs. Norton in Sagada. The chairman was not able to attend due to passport trouble. Fr. Rulite was also absent. Fr. Duddington presided and presented his material, *The Canadian Course of Study*, and explained it. Miss Jansen showed four books that could be used in various courses. Fr. Kollin suggested that we try to procure another kerosene projector so that more outstations might have the benefit of that kind of instruction.

The committee decided to show materials to the priests at Convocation so that some could be ordered if they so wished. Miss Jansen was requested to ask the Bishop if he could find ways and means to provide another projector and a variety of slides.

The committee agreed that they would urge all priests to train more teachers. The meeting adjourned after an hour's discussion.

Miss Jansen reported to the Chairman that another projector and slides had been ordered through the kindness of the Bishop in releasing a fund for that purpose. There will be a display on the porch in front of the Bishop's office of some materials and books during the morning of January 29th.

Respectfully submitted,

BERNICE JANSEN
Secretary

APPENDIX H

REPORT OF THE COMMITTEE ON MISSION SCHOOLS

Miss Constance Bolderston, Chairman, called a meeting of the Committee on Mission Schools at 2:00 P.M., January 28, 1953, in her residence at St. Stephen's School. The following members of the committee were present: The Rt. Rev. Robert F. Wilner, The Rev. Lyman C. Ogilby, Mr. J. Randall Norton, Mr. Frederick B. Dao-ayan, Mrs. Nancy L. Yao, and Miss Constance Bolderston, Chairman.

Bishop Wilner opened the meeting with prayer. Miss Bolderston then put before the Committee several items of business which had been brought to the attention of this Committee since the 1952 Convocation.

They were as follows:

(1) Petition, signed by the parents of the sixth grade children of St. Gregory's School, Bagnen, Bauko, Mountain Province, for the opening of a seventh grade. Miss Bolderston informed the Committee that the Bishop had already sent a letter to the authorities in Bagnen telling them that there were no funds available for establishing the seventh grade.

(2) Letter from the Rev. Wayland S. Mandell stating that Mr. Jose Capegsan had just received his E.T.C. from USON Colleges and was a prospective teacher for our Mission Schools. The Committee stated that Mr. Capegsan had already been placed.

(3) Reference was made to the fact that the petition from All Saints' Mission, Bontoc, for the sixth grade had been duly approved by the Committee on Mission Schools in March, 1952. Bishop Wilner informed the Committee that the sixth grade had been put into the school at All Saints' Mission last June.

(4) Four questions involving technical matters with the Bureau of Private Schools were briefly discussed as they had been handled by Miss Bolderston and by the Bishop's Office during the year. They referred to:

- a. filing of approved by-laws and article of incorporation.
- b. Filipino complement on the board of trustees of schools.
- c. title and use of Mission property for schools.
- d. ownership by the Mission is equivalent to ownership by the School.

The Committee then proceeded to a brief discussion of the whole educational policy of the Philippine Episcopal Church and the role that this particular committee had to play in formulating and carrying out this policy. Ideas relating to BASIC OBJECTIVES were noted, and Bishop Wilner and Fr. Ogilby have prepared a report which appears elsewhere.

The meeting adjourned at 2:50 P.M.

Respectfully submitted,

LYMAN C. OGILBY
Secretary

BASIC OBJECTIVES OF MISSION EDUCATION

I. THE PURPOSE OF MISSION SCHOOLS

It is the purpose of the Philippine Episcopal Church to establish Mission Schools in order to bring children up in the context and community of the Christian Faith. This will mean:

- (a) the opening and maintaining of Mission Schools in areas which will benefit the work of the Church by starting Christian teaching at the earliest age possible;
- (b) the opening and maintaining of Mission Schools in areas where there is no government school;
- (c) not attempting to open or maintain Mission Schools in competition with the government schools in areas where the government schools are doing good work. The Christian Education effort here will be made through:
 - i. 'Religious Education' in the government school at the appointed periods.
 - ii. The Sunday School and other educational programs sponsored by the Church.

II. THE GOALS OF THE EDUCATIONAL PROGRAM OF THE PHILIPPINE EPISCOPAL CHURCH

- (a) It is the goal of the Philippine Episcopal Church to provide a Christian and general education for all children of the Church up through the sixth grade — the elementary school.
- (b) It is the goal of the Philippine Episcopal Church to assist and encourage the gifted and well prepared children of the Church in continuing their education in academic or vocational — technical high schools.

III. A SURVEY OF THE EXISTING CONDITIONS OF OUR MISSION EDUCATIONAL PROGRAM

- (a) The Suffragan Bishop-elect will make a survey of the present conditions existing in our Mission Schools and in our Mission Stations with the intent of gaining as much information as possible about each school and observing how well each school is serving its purpose (see PURPOSE above), and also evaluating the need for new schools where they are not now provided.
- (b) The Suffragan Bishop-elect in conference with the Committee on Mission Schools will evaluate this survey and make recommendations to the Bishop regarding each school and each Mission Station. This may take the form of requests to:
 - i. open new schools
 - ii. increase the scope and program of some schools
 - iii. close some schools
 - iv. decrease the program in some schools

IV. THE FINANCIAL PROGRAM OF THE MISSION SCHOOLS

The Suffragan Bishop-elect with the Committee on Mission Schools will make specific recommendations to the Bishop regarding the financial needs of the educational program of the Philippine Episcopal Church with the intent that the Overseas Department of the National Council, 281 Fourth Avenue, New York, be duly informed in the hope that our appropriation for Mission Education be adjusted accordingly.

LYMAN C. OGILBY

APPENDIX I

REPORT OF THE COMMITTEE ON YOUNG PEOPLE'S WORK

In the absence of Fr. Chandlee, chairman, and Miss Catig, secretary, the Bishop has requested me to make a report of the work of the Committee on Young People's Work.

The Committee was called together in March by Fr. Chandlee, chairman, and after organizing, went on record as favoring a Conference of the young people of the District and some plans were made toward this end. Committee members were to proceed with plans and report later. At a meeting in April, Sagada was chosen as the place of meeting and the number of delegates for each place (totalling 63 in all) was determined. The theme was to be Devotion and Service. Under Devotion; Prayer, Bible reading and Worship were to be considered and Service was divided into Home, Church and Community. Details of living, social life, and work were arranged and a tentative daily program was sent to all concerned.

The actual meeting took place May 5-6-7 and 8. The attendance was large, the regular delegates being joined by a number of visitors. Several expressed the hope that these annual meetings would be continued.

There were no further meetings of the Committee after the Conference and both Fr. Chandlee and Miss Catig left for the States before the end of the year.

Respectfully submitted,

CONSTANCE BOLDERSTON

APPENDIX J

REPORT OF THE COMMITTEE ON PUBLICITY

The primary work of this Committee is to gather material to send to the Bishop's Office for the Diocesan Chronicle. The goal is one article a month from each Mission Station. Although we have fallen far short of this goal, it was possible to publish twelve issues of the Chronicle in 1952. Part of the material sent in is used for Church magazines published in the States. This Missionary District was well represented last year in *Forth*, *The Living Church*, and *Episcopal Churchnews*. Not nearly enough pictures have been received. We need action pictures, not stiff posed groups. The Committee will pay for these pictures and will have prints made from the negatives if they are sent in. We need three prints each of good pictures, two for the Mission Scrapbooks and one for Publicity.

The total amount paid by the Churches for the work of the Publicity Committee was P65. We had a balance on hand from 1951 of P69.81. We received P11.20 from *The Living Church* and P5.96 from *Churchnews*, making a total of P151.97. Our expenditures were P89.58, leaving a balance of P62.39. The outgoing Committee would like to recommend that the new Committee again ask the Parishes and Central Stations for P5.00 each.

Respectfully submitted,

HELEN BOYLE
Chairman

APPENDIX K

NO REPORT

APPENDIX L

REPORT OF THE REGISTRAR

There is, in the custody of the Registrar, a complete file of the Convocational Journals and a complete file of the Diocesan Chronicle since 1947. Also, I have added some material of historical interest to that acquired by Father Spackman and am trying, in so far as possible, to get together a file of those papers and reports which can be duplicated so that there may be a file for the Registrar, other than those kept for the Bishop's Office. This work is progressing, although lack of a proper place to keep these has retarded the work.

Respectfully submitted,

HELEN BOYLE
Registrar

APPENDIX M

REPORT OF THE COMMISSION ON TRANSLATION OF THE BOOK OF COMMON PRAYER

The whole Commission met on two occasions since the last Convocation. However, parts of the Commission have met on numerous occasions during the year. A group of the Tagalog section has met once a month, and groups of the Ilocano section have met as there has been opportunity.

The first task which the Commission set out to do has been accomplished. The Creed, the Lord's Prayer, The Ten Commandments and the Summary of the Law have been translated, corrected by an Ilocano scholar, Dr. Panglasigui, Dean of the College of Education at the University of the Philippines, and mimeographed for trial use and further criticism by the clergy and laity of the Church. The Bishop has authorized the use of the translations in this context.

The Ilocano section of the Commission has completed the translations of the Eucharist. Two independent translations were made during the year. It will be necessary to study and correlate these translations before a final translation is attempted. It is hoped that before the end of this next year the translation of the Holy Communion will be ready for trial use.

The Tagalog section has completed translations of the Creed, the Lord's Prayer the Ten Commandments and the Summary of the Law. Within the next few weeks these will be sent to a Tagalog scholar for criticism. It is possible that they may be approved and mimeographed for distribution and use at the end of this time. Also the first part of the Holy Communion has been translated.

The Commission wishes to report that, although it set out to translate the Hail Mary, it declines to recommend a translation in its own name, since the Hail Mary is not in the Prayer Book in its full form and, therefore, does not come within the purview of the Commission.

Respectfully submitted,

WAYLAND S. MANDELL
Chairman

APPENDIX N

REPORT OF THE COMMITTEE ON MEDICAL SCHOLARSHIPS

Since the last report made by this committee, three students have been awarded scholarships for Pre-medical work and all three were dropped at the end of one semester because their work was not satisfactory. One student taking Dentistry was also dropped because his work was unsatisfactory. Today, we have two students in the University of the Philippines College of Medicine: Alberto de Vera, second year, on partial scholarship, and Leoncio Carlin, first year, on full scholarship. Both students are doing satisfactory work.

Respectfully submitted,

HELEN BOYLE
Secretary

APPENDIX O

REPORT ON THE ANGLICAN CHURCHMAN

At the Thirty-fourth Convocation of the Missionary District of the Philippines, January 1952, the Bishop appointed the following to the staff of *The Anglican Churchman*: The Rev. Lyman C. Ogilby, Editor; Associate Editors — The Rev. Edmund B. Accos, The Rev. Harry T. Burke, The Rev. A. Roman Tauli, Mr. Nicomedes A. Alipit, Mr. Pio Tadaoan; Circulation Manager — Mr. Isidore Balinsat. In June of 1952, Fr. Burke resigned from the staff when he left the Philippines; and in November of 1952, Fr. Accos' transfer to Lon-oy from Baguio made him inaccessible for editorial work.

Since last Convocation, January 1952, *The Anglican Churchman* has published two issues, both of which are eight full pages and much more complete than any of the five issues published in the previous year. Both these issues included news items, featured articles relating to Paganism and Christianity, Bible instruction and Bible quizzes, religious information, attempts at humor, and cartoons of various descriptions. But no matter how adequate these issues may have been the editor apologizes for his gross neglect in putting out this paper more often. In no way should the staff be blamed for failing to meet the mark; the editor accepts full responsibility, and it is his hope that he will be able to devote more time to this activity in the future.

The Anglican Churchman is still having troubles getting on a 'paying basis', but we still want to keep the sale price for each copy at five centavos so that each school child will be able to purchase a paper. As of the first of January, 1953, our finances stood as follows: Cash Balance ₱3.89. Accounts Receivable ₱13.75.

The staff of *The Anglican Churchman* hopes that this publication is meeting some of the needs of the younger people of the Philippine Episcopal Church; and we hope that all members of the Church will support this paper 'literally' and 'figuratively', 'literarily' and 'financially'.

Respectfully submitted,

LYMAN C. OGILBY
Editor

APPENDIX P

REPORT OF THE WOMAN'S AUXILIARY

The annual convention of the Woman's Auxiliary of the Philippine Episcopal Church was held from May 1 to May 3, 1952, at St. Stephen's High School Auditorium, Manila. Aside from the usual business meetings of the convention, delegates took part in daily morning services, noon prayers, evening services, U.T.O. offering and corporate communion, looking upon them as a constant source of inspiration from God and as a means of increased fellowship among the delegates themselves.

The convention welcomed two new Auxiliaries, that of Tadian and Antamok Mines. Their organization brings to twenty-one the total number of Woman's Auxiliaries in the Philippines. Owing to unavoidable circumstances, two Auxiliaries were unable to send delegates to the convention.

It was decided at the meeting to send four members: Deaconess Dawson, Miss Davis, Miss Somebang, and Mrs. Yao as official delegates to the Triennial Meeting at Boston.

Many invitations were extended from delegates of different Auxiliaries for the 1953 meeting, but it was voted to accept the invitation from the women of the Mission of St. Mary the Virgin, Sagada. On the last day of the annual meeting, the Bishop spoke of having a spiritual and educational center at the property in Quezon City. He reported that he had asked for \$100,000 for the Nurses' Home of St. Luke's Hospital from the Executive Committee of the Woman's Auxiliary in the United States. The fund would come from the U.T.O. offering.

All in all, I may say that the 1952 annual convention was a success.

Now a few words about the things we have accomplished during the past year. In connection with the resolution of the convention that the Woman's Auxiliary do all in their power to help get under way the building program referred to by our Bishop, our Triennial delegates did try their best to impress upon representatives from other parts of the world the urgency of the project. They spoke on the poor housing conditions of St. Luke's Hospital and Nurses' Home, and on the urgent need of a spiritual and educational center at the Quezon property. It is satisfying to be able to report that the U.T.O. apportionment for this particular program was increased from the original \$100,000 asked to \$200,000. Our own U.T.O. contribution this time, the highest among overseas districts, amounted to \$2,561.60. We gave ₱5,131.20, yet we received ₱400,000 in return; so helping others is to help ourselves. We must try harder next time.

I may add that this was the first time that the Philippine Woman's Auxiliary provided the traveling expenses one way for a Triennial delegate to the States. This was most outstanding and in a way showed the unity of purpose among different members of our organization. Some contributed generously, all tried their utmost.

It has been reported that the congregation of the Mission of the Holy Nativity, Lonoy, is in urgent need of a chapel in which to hold its services and has raised almost half of the money to build one. Other Auxiliaries have come forth with generous financial assistance. To date, the contributions have amounted to ₱470.00.

The organization of two new Woman's Auxiliaries has been mentioned above, we pray that God the Almighty may give His blessing more and more, that we may see an increase in number of new Auxiliaries organized from year to year. To see that all women know and understand what the U.T.O. is and to urge them to contribute toward it; to

study our Church in the Philippines and to pray and contribute to its many needs; to encourage Bible Study and to work for spiritual growth; these are the things we want to emphasize for the coming years. May the Lord help the women of our Church.

Respectfully submitted,

NANCY L. YAO
President

APPENDIX Q

REPORTS OF DEPUTIES TO GENERAL CONVENTION

CLERICAL: Father Masferré — given orally.

LAY: Mr. George Choa Khong Khi

I was appointed by the Bishop to take the place of Mr. Ty and his alternate, Dr. Wei, as the lay deputy of the Missionary District of the Philippine Islands to the 57th General Convention. I left for the United States on August 27th by Philippine Air Lines and got home on September 29th.

The Boston General Convention naturally drew quite a number of people. It was the third time in history to be held in New England. Among the distinguished guests were the Archbishop of Canterbury, the Primate of Canada and the Presiding Bishop of Japan. The impressive Opening Service held at the great Boston Garden, in which every possible space was occupied, gave evidence of the enthusiasm of the New Englanders.

In the House of Deputies, the first roll call found every diocese represented by both clerical and lay deputies. It was indeed fortunate that the Diocese of the Philippine Islands was fully represented.

Tragedy struck in the first session of the House of Deputies. Dean Sprouse, the newly re-elected president, soon after delivering his speech of acceptance, fell to the floor and died immediately. The House then elected the Rev. Theodore Wedel, Dean of the College of Preachers, Washington, D.C., to occupy the chair.

The lay deputy from the Philippine Islands was appointed by the new President to be a member of the Committee on the State of the Church.

The women of the Church were disappointed, when the House of Deputies, by a small margin, voted against the admission of women deputies.

In the joint sessions of the General Convention, the various departments and divisions of the National Council gave their reports and demonstrations. Our Bishop was one of the speakers for the Overseas Department. We learned from those reports that Japan and the Philippines are considered as the most important key areas for intensive missionary efforts.

A resolution passed by the 1949 Convention, under which retired bishops will no longer be able to vote in the House of Bishops, required approval by the 1952 Convention. The House of Bishops voted in favor of the resolution, while the House of Deputies did not concur.

The House of Bishops passed a resolution permitting licensed laymen to administer the chalice to communicants during Holy Communion. The House of Deputies voted against the resolution.

A resolution permitting the Church to have perpetual deacons was passed by the House of Bishops with the concurrence by the House of Deputies. Under this resolution, people who work part time for the Church can be ordained deacons.

A proposal to repeal Canon 36 was defeated in the House of Deputies.

The Archbishop of Canterbury personally urged the House of Deputies to approve the Anglican Congress, which will take place in the United States in 1954. Every diocese and missionary district of the Anglican Communion will be invited to attend.

The Program and Budget Committee recommended an annual budget of nearly six million dollars, which was approved by both Houses.

At the Boston General Convention, we were privileged to hear prominent laymen speak, among whom were the former High Commissioner, Francis B. Sayre, and President Clark G. Kuebler. We were able to meet and hear not only the leaders of the Protestant Episcopal Church in the United States, but also leaders of other Churches of the Anglican Communion.

The next General Convention will be held in Houston, Texas.

While in Boston, Father Masferré and I stayed together in the Myles Standish Hall of the Boston University as guests of the Host Diocese. The New Englanders are hospitable, and although they think well of themselves, they also think well of others.

I have to be thankful for the opportunity given me to attend the General Convention for the first time. The experience and impression of the Mother Church at work are of great educational value.

Respectfully submitted,

CHOA KONG KHI
Lay Deputy

APPENDIX R

REPORTS OF MISSION INSTITUTIONS

ST. LUKE'S HOSPITAL

The following figures are ones pertinent to the operation of St. Luke's Hospital for the 12 months' period beginning January 1952 and ending January 1953.

1. There were 4,563 admissions of In-Patients, 414 births and 138 deaths. Of the total number admitted, 3,237 were Filipinos, 1,116 Chinese, 176 were Americans and 34 were from other nationalities.

2. There were 33,432 patient days for the period. Of this total, the Private Floor had the largest percentage, the Men's Ward next the Children's Pavilion and the Women's Ward following. The Maternity Ward patient days was one of the lowest in our history.

3. The total number of Out-Patients treated in our Out-Patient Clinic, which has been completely renovated, redecorated and equipped, was 9,790. The attendance at the Clinic was highest in the three hot months, May, June and July.

4. The amount of Social Service and outright Charity work amounted to P79,298.83, the greatest load of charity being carried during the month of December.

5. The income of this period was P789,820.18 and the expenses for the same period was P787,163.88.

The hospital employed during the year a total number of 48 students, College and High School. The college students were divided as follows:

First Year	13
Second Year	7
Third Year	6
Fourth Year	9

The High School Students were divided as follows:

First Year	3
Second Year	3
Third Year	1
Fourth Year	6

In summing up my stewardship of this grand old institution for the year, may I pass on a few impressions to you.

1. The terrific burden that the economy of the hospital has had to carry for the past few years, and the fact that it has been able to carry this load as a voluntary hospital earning its own way, is an amazing testimonial to loyal self sacrifices of its entire staff, with plenty of hard work thrown in.

2. The quality of the patient care is one thing that would make any American hospital director proud, and that one thing has been a joy to me. The shortage of students in nursing schools, plus the fluctuating quality of nurses, is a problem that is concerning the American Hospital Association very greatly, and the fact that we had 1000 applicants to choose 37 from surely speaks well for the standards of our school here in the Philippines.

3. The cooperation I have had from the entire Mission Staff has been a daily inspiration to me, and had done much to make my honeymoon year a most pleasant one.

Respectfully submitted,

FREDERICK G. JOYNER
Administrator

SCHOOL OF NURSING

In accordance with a new policy adopted by the Bureau of Private Education, St. Luke's School of Nursing raised the standard of its admission requirements this year. All first year students had to complete a one year course in liberal arts with special emphasis on natural sciences in order to qualify for admission. Also the curriculum was reorganized so that the educational program for the first, second and third year classes was organized on a semestral basis. For the first year students, a summer term was added. Previous to this year, the first year program was on a trimester basis while the second and third year programs were on a semester basis. In order to meet the mounting school expenses, tuition and school fees for the three classes were raised.

By relieving the first year program of academic subjects that can be completed in the liberal arts course, the students have more time for study and learning is more effective.

The 37 first year students this year were selected from about 1000 applicants. Each of the applicants had to take an intelligence and achievement test and had to be personally interviewed first by the principal and later by a Committee on Admissions composed of selected faculty members.

The arrival of Miss Ruth Dale who is the first St. Luke's instructor trained to teach sciences has resulted in better organized and richer classes in the science subjects. She has also helped re-organize the faculty and re-define assignments so that each member functions where she can contribute most. Supervision has also been strengthened since Mrs. Ester Santos, Class 1947 joined the staff.

Mrs. Santos' training as nurse educator in Columbia University makes her a valuable co-worker of Miss Herminia Reyes and Mrs. Cornelia Maceda, clinical supervisors. Mrs. Maceda's twenty years experience as a supervisor and Miss Reyes training in education in Vanderbilt University makes our clinical teaching something we can be proud of.

There are at present 110 students, 37 in the first year, 34 in the second year and 39 in the third year. Although these students benefit from the educational program, it is a fact that they carry the bulk of the nursing service load. As the hospital continues to have an excellent reputation as to nurse patient care, a great measure can be attributed to satisfactory student performance.

Respectfully submitted,

M. V. JACKSON
Principal

REPORT OF THE PRESIDENT OF THE WOMAN'S BOARD

1952 was a very active year for the Board and you have every reason to be proud of what you have accomplished. It was, in fact, a record year made possible only through the conscientious efforts of you all. Our gross earnings were almost P32,000.

Once again, our greatest source of income was the Thrift Exchange. Under the efficient management of Mrs. Ingram, who was in charge the entire year, receipts totaled some P18,000. and were greater than ever before. No comments on the Thrift Exchange are complete without mention of Mrs. Birenstihl who has continued to give so unsparingly of her time to help achieve these results.

The outstanding event of the year was our beautiful "Tea of the Islands", so ably organized by Mrs. Gerald Wilkinson. The Board has received endless compliments on this original presentation of the principal industries and products of the Philippines. It contributed more than P7,000. to our funds.

Eight donation lists proved a worthwhile project and brought in P3,000, and our monthly coffee parties accounted for a further P3,500.00. Many of these parties were held in the homes of members and we are greatly indebted to them and to the other hostesses.

Late in November the Board published a book titled "Philippine Ornamental Plants and Their Care" written by Mrs. Steiner, which has been very well received. It is hoped that the sale of this book will add substantially to our funds during 1953.

Your enthusiasm in all we have undertaken and the fine publicity, directed by Mrs. McKinnon, has made people more aware of the work we do and more sympathetic towards us. This, also, has contributed to these excellent results.

Towards the end of 1951 we had to find a new home for the Thrift Exchange and for the first time were obliged to pay rent. This naturally increased the cost of operating the Exchange during 1952, but nevertheless the entire expenses of the Board, which included stationary, printing and small equipment, represented less than 7% of our receipts. This is a remarkably low figure, but in the new Exchange, now being built for us on Gral. Luna, these expenses should be less. We hope to be able to move in March.

During the year the Board paid for the screening of the Hospital and for the construction and equipment of an outpatient clinic on the ground floor, which will enable the Hospital to care for a great many more patients and increase the volume of charity work. While Miss Wells was on leave, our social service funds, milk, baby food and medicines were disbursed through the various clinics and the administrative office. The graduating nurses were given their pins, for which they were deeply grateful. Two of the graduate nurses were assisted financially in connection with their advanced study in the United States, and the students were given a monthly allowance for transportation to classes outside the Hospital. A large portion of the year's receipts were added to the equipment fund for the new Hospital which now totals more than ₱27,000.

Through the year we welcomed 34 new members and to them may I stress the importance of a visit to the Hospital? Only there can you appreciate the wonderful work being done by the Doctors, Nurses and Administrators for thousands of indigent people, which you assist by working with us. Your work will take on added interest and significance and you will see the great necessity for new buildings with increased capacity, and why we are striving in these next two years — more than ever before — to help make this new Hospital a reality.

It was a pleasure and a privilege to work with you as your President and I am confident, that with your continued enthusiasm and co-operation, the coming year can be even more successful than the last.

Respectfully submitted,

MARY FRANCES RIVERS
President

WOMAN'S BOARD OFFICERS FOR 1953

President	Mrs. Arthur Henderson
1st Vice-President	Mrs. Gerald Wilkinson
2nd Vice-President	Mrs. E. S. Bush
3rd Vice-President	Mrs. John Lewis
Secretary	Mrs. Milton Pickup
Treasurer	Mrs. R. O. Ferguson
Assistant Treasurer	Mrs. J. E. B. Shaw

ST. THEODORE'S HOSPITAL

	1951	1952
Total Number of House Patients	2,563	2,139
Admissions	2,087	1,658
Discharges	1,997	1,655
Patient Days	15,720	15,069
Deliveries	62	62
Stillbirth	10	18
Deaths	51	29
Average Number of Daily House Patients	43.25	41.00
OPERATIONS: Major	68	59
Minor	187	138
Obstetrical — Cesarean Sections	6	8
Dispensary: Office Consultations	1,375	2,051
Clinics — Bontoc & Outstations	368	388
Pre-natal Clinic	205	260
Well Baby Clinic	3,233	3,813
Examination of School Children ...	540	1,050
Total Collections — Hospital Income	₱27,509.52	₱30,717.15
Total Disbursements — Local Accounts	₱28,451.38	₱31,065.90

From the statistics above, the decreases and increases can be readily noted. It has been observed for some time that the number of children admitted to the hospital has been on the decrease. We think it is due to the Well Baby Clinic held every Saturday morning.

Number of children treated in 1951 8,817 (day by day census)
 Number of children treated in 1952 6,515 (" " " ")

Dr. Alfonso Floresca joined our staff on May 1st and we are most grateful to have him here. He has gone to Bontoc every Monday morning for a clinic there and has made out-station trips several times. As a native of the Mountain Province, he prefers hiking over the mountains, to waiting for slow transportation. An orderly accompanies Dr. Floresca on the out-station visits. We welcome the addition of Dr. Floresca and his family to our hospital family. Mrs. Floresca is a St. Luke's graduate nurse.

One difficulty, which we hope can be overcome in time, is having to supply the out-stations with drugs. Bontoc is the exception, as they buy their own supply. Perhaps eventually Bagnen, Masla and Tadian can do likewise and have a central drug supply station from which they can draw for their needs.

Our hospital cook, Bonifacio Sagayo, who lives in Bangaan, runs a small clinic in that place and treats itch and other minor ailments. He has learned to give hypodermic injections of liver, or any of the antibiotics, and it saves the people from having to walk that distance to the hospital.

Mrs. Hilda Pangwi spent a month here learning to give hypodermic injections and treating itch and other ailments. She also is a great help in looking after the health of the Masla people.

Charity rendered to patients is as follows:

Boys' Dormitory	P 1,008.25
Girls' Dormitory	831.50
Day pupils of St. Mary's School	408.00
St. Mary's Nursery	93.50
Holy Child Orphanage	583.00
Church Workers & Immediate families	934.25
Hospital Employees & Immediate families	950.00
Charity Patients — full & partial	6,078.50
Total	P10,887.00
Total Days of Confinement	2,449

No one is turned away if he cannot pay the fees. Patients are allowed to leave the hospital without settling their accounts. Those who promise to pay after a time, usually do come back and pay their accounts in full or in part. We average at least 5 free patients a day. For the district of Tadian alone the charity work rendered came to P888.50.

As a Church and Missionary Hospital, it is our privilege and duty to be concerned over the welfare of the sick and the health of the community in which we are located. What an opportunity we have in following the example of Our Lord in healing the sick! It is our earnest hope that this great work of the Church may be carried on to the greater Glory of God in the healing of His people.

Respectfully submitted,

TEOFILO KILLIP

BRENT HOSPITAL

The transformation of plans on paper to that of a beautiful new, concrete hospital building with a bed capacity for over 60 patients has made 1952 a memorial year for Brent Hospital. Temporary living quarters for part of the staff in the new building date back as early as last June when the first of the five wings was habitable. The building itself, was turned over to the hospital the first week of November, and with the assistance of hospital staff and considerable volunteer service by members of the Woman's Auxiliary and the Frances Bartter guild from Holy Trinity Church who helped with the cleaning and scrubbing, it was possible for the transfer of the laundry, supplies, kitchen, drug department, dispensary, offices and finally patients by the time the city electricity was connected the afternoon of November 15, 1952.

Further detailed work has still continued both on the building and grounds, but we hope the new surgical area will also be ready for occupancy by the date now scheduled for the Dedication Ceremony for the hospital building, including the Chapel of the Great Physician, on February 21, 1953.

Allocations from some of the former Brent Hospital pre-war savings in the United States, and special funds from the Bishop has made it possible for the purchase of more equipment and supplies. Further assistance through donations of hospital equipment not being used at the the Mission of St. Francis of Assisi, Upi, and the selecting and ordering of certain supplies by the Administrator and Supply Department of St. Luke's Hospital, Manila, has now made it possible for better standards and services.

A small residence for the hospital Administrator and also a new bunk house for the orderlies have also been completed this past year. Plans are also under way for further renovation of the old hospital building into a more permanent nurses' home and doctor's residence which we hope can be completed this year.

With the progress of this new building, the Bishop also organized in June a representative church-professional-community Advisory Council which is now meeting monthly to advise, support, and assist in the many questions that do arise. This, in itself, seems to be one step forward in seeking to gain more local community support which is so badly needed in many of our mission hospitals that receive no annual appropriation or endowments from outside sources.

Such a large change-over has again made it difficult to set up a direct financial budget for the coming year. Further observation and study on the part of both the Advisory Council and Staff should on the other hand provide more accurate data within this next year.

The Auditor's findings for the past year indicate:

Gross income from operation	P59,067.16
Gross expenditures from operation	70,652.32
Net loss	P11,585.16

From the above figures the largest single increase has been in the much larger salary scale, due both to the increase of staff and the Minimum Wage Law now in effect for all our hospital workers. Some refund is also expected from the above mentioned special funds to the current account on some of the furniture and equipment that has been made here locally. Special note was also made by the Auditor stating that due to absence, to date, of any advice from the Central Office, Manila, concerning the newly constructed hospital building, administrator's residence, as well as those miscellaneous assests not paid from the funds of the hospital, these items for this year have been omitted.

The increase of staff personnel from a former 27 to over 44 workers illustrates, again, the opportunities that lie ahead. The largest single increase has been in graduate nurses as we now have 14 in contrast to only 6 this time last year. This has seemed especially necessary with the opening of an entirely separate 9 rooms and newborn nursery for the Private Service on the second floor. We hope later to also open a third service to keep the infants and small children a little more separate from the adult patients, but this will have to depend on both the future building progress and the actual patient load in order to warrant still a third nursing service.

Within the past year a larger percent of our staff members are now participants in our own Church activities here in Zamboanga which emphasizes, again, the role each individual does have toward the promotion of better Christian services within the total mission hospital picture. For as the ministry of health and healing belongs to the essence of the Gospel so must His workers identify their services in a similar way in order that the redeeming love of God may be mediated through them to the lives of others.

In closing, the statistical report for 1952 indicates a slight increase over last year for in-patients, dispensary patients, and total deaths, with a slight decrease in laboratory, x-ray, and delivery services.

Respectfully submitted,

NANCY R. WILSON, R.N.
Administratrix

BRENT SCHOOL

At the opening of the present school year (1952-53) the enrollment at Brent School was 108, of whom 24 were boarding students. This was a larger enrollment than we have had since the war. Since then, owing partly to an influx of Voice of America personnel, our enrollment has risen to 127, of whom 29 are boarders. This is larger than the enrollment before the war, though the proportion of boarders is smaller. In some grades we have about reached our capacity.

The departure of the Boronow's, Fr. Burke, Mr. White, and Mrs. Roberts at the close of the last school year made the problem of finding teachers unusually difficult during the past school term. Mrs. Irene Peterson, one of our valued elementary teachers, had to leave early in the year because of ill health. Fortunately one of our former teachers, Mrs. Adele Hess, returned to Baguio in time to take her place. Mrs. Bernard Banks, who took Mrs. Robert's place as Primary teacher, did valuable service until Christmas time when she went on maternity leave. Mrs. Katherine Butler has now replaced her in the Primary department. Other new teachers this year are Miss Rosemary Glenn in the Intermediate Grades, Miss Delia Ramos in the Music Department, and Mrs. M. E. Timmerberg in the French Department. Mr. Harry Shaffer, the Headmaster of Easter School, is now helping out in the Latin. We have at present ten full-time teachers and two part-time. A complete faculty list is attached to this report.

The election, as Suffragan Bishop, of Fr. Ogilby, who has done such extremely valuable work at Brent during the past three and a half years, faces us with an unusually difficult problem of replacement. As no adequate solution for this problem has yet been found, Bishop Ogilby will continue for the time being to live at Brent and supervise the Boys' Dormitory, though we have been able to relieve him of some of his courses so that he can devote part of his time to his episcopal duties. Meanwhile every effort is being made to find someone who can take his place. I need hardly add that Bishop-elect Ogilby will be greatly missed when he leaves Brent School.

Aside from problems connected with maintaining an adequate teaching staff, Brent School has had an excellent year since our last report. The faculty are harmonious and cooperative; high scholastic standards are being maintained; and our experiment in international relations continues to work with marked success. Of our present student body about 56 percent are Americans, 33 percent Filipinos, while the remaining 11 percent is made up of various nationalities including Chinese, Spanish, German, Swiss, Dutch, Canadian, and Polish.

To the extent that our limited funds have made possible various repairs have been made and improvements added to the buildings. Ply-board has replaced the old *sawali* walls in the Toddler Dormitory, three of the roofs have been painted and many new desks and chairs have been added. During the summer extensive repairs were made on the porch of the Girls' Dormitory. The bodega building, which is used as a hostel by many of our boys and girls from the northern mission stations, has been repaired to some extent; though it is still an eloquent witness to the need for a really adequate student hostel in Baguio. All the buildings, however, need a new coat of paint; and there are many other respects in which the plant could be improved if funds were available.

Financially the school is in somewhat better condition than last year, though we continue to run on a very narrow margin of operating expenses. We have been able to pay off our remaining indebtedness to the National Council, which amounted to ₱1,356.72, and to reduce our

indebtedness to the Philippine Episcopal Church by P1000. This leaves our total indebtedness, as of the present date, as follows:

to the Philippine Episcopal Church	P 9,325.56
to Bishop Binsted	10,500.00
Total	P19,825.56

We are grateful to Mrs. Heilbronn for a generous donation of P1000. which has enabled us to purchase a much-needed mimeograph machine. We are happy also to report gifts of various amounts from Mrs. Francis B. Sayre, Mr. Gordon Rust, Admiral and Mrs. Ansel, and the Rev. Harry T. Burke. We are very grateful to all of these good friends of the school for their interest and their generosity.

Respectfully submitted,

ARTHUR H. RICHARDSON
Headmaster

EASTER SCHOOL

Since the last Convocation, Easter School has plugged along as usual. At our commencement in April, we graduated twenty-five boys and girls, the largest class of graduates since the war. Most of them have entered the local private and public high schools, where they seem to be doing very well, and upholding the reputation of this institution. Three went to Sagada where they enrolled in the seventh grade at St. Mary's School. From reports of the principal they are well toward the top of their class. One entered Brent School, and has been the leader of his class.

The school year 1952-53, opened on July 1st. We have a few less pupils than last year, but a much better *esprit de corps*, and far less disciplinary problems. The decrease in numbers was due largely to our elimination of those unable to meet our standards or undesirable. Also, some parents felt that our fees were too high in comparison to the other Mission Schools in the Mountain Province. We have lost a number since the school year began when their fathers were discharged by the mines because of the enforcement of the minimum wage law. At present we are financially solvent in spite of the fact that we receive from appropriations less than four teachers' salaries and pay five, and the demands of the Bureau of Private Schools for additional supplementary readers, professional books and magazines for the teachers, and subscriptions to daily, weekly, and monthly National Language publications. Miss Katherine Timbooy, who has been a teacher here since before the war resigned, and is now working for the degree at the Philippine Women's University, Manila. We miss her very much. Her place has been filled by Miss Purisima Bagni, E.T.C. Otherwise the faculty is the same as it has been since the war.

It has taken a good deal of time filling out applications and reports for the Bureau of Private Schools. No application had been made for operating the school for the year 1951-52. It should have been filed before the first of March of that year. Furthermore, the application for the previous year had evidently been lost in the Manila office of the Bureau. I was required to file applications for those two years already past, and after several months we were given temporary permits. We have had numerous inspectors, some rather lenient, others very difficult, but at least we are operating legally, and at present have our application on file for full recognition.

The weaving room has grown during the last year from four to ten rooms which occupy all available space. It has also progressed as a result of the advanced course in weaving given by Prisco. We were able to send Miss Clara Irving to Manila for this course. She can now develop new and more complicated patterns, and is in charge of the weaving. Mrs. Elizabeth Pucay is responsible for the finishing and sales part time, along with the pupils industrial work. This growth in the weaving department gives employment to more needy women, but sales have not quite kept up with the increased production.

During the past year the weaving room has paid the taxes on the school property, helped with the purchase of books, and at present is paying for the further decoration of the School Chapel. The Chapel was consecrated, and named Holy Innocents by Bishop Wilner on November 18. The proportions of the building are excellent, but it needed color, and furnishings. Fr. Bartter, our chaplain, has generously provided kneeling benches, a holy water font, and Station of the Cross. On the advice of Fr. Chandlee we are adding a canopy over the altar with a dossal, thus making the chapel more beautiful and colorful for our young worshippers.

The school with its playgrounds and library are a social as well as a religious center for this neighborhood. May they long remain so.

Respectfully submitted,

H. E. SHAFFER
Principal

ST. STEPHEN'S HIGH SCHOOL

St. Stephen's School celebrated its thirty-fifth anniversary in 1952. A big celebration was held as is the custom every five years and the date was advanced from July to March so that the festivities could be combined with the graduation. The teachers with the help of the students prepared an educational display consisting of Philippine products, old Chinese costumes and antiques, health and educational equipment and practices, things of religious interest, charts, maps and science displays. The Field Day featured drills and a basketball game. The High School graduating classes combined to put on a Class Night Program and the climax of the celebration was the service for alumni and students followed by an alumni dinner at which the alumni presented to the school the new gate and entrance way on Magdalena. A Souvenir Book was printed to commemorate the Anniversary and the years preceding.

For the first time in its history the English High School department graduated a class and for the first time since the war a class completed the Chinese Senior High School requirements. These two classes, together with the Chinese Junior High School Class and the Chinese English Elementary classes brought the total for diplomas or certificates to 241.

During the vacation months of April and May St. Stephen's was used as the meeting place for the Diocesan Woman's Auxiliary. Delegates slept in the kindergarten and first reader class rooms, ate in the play court under our assembly hall and held their meetings in the hall.

The new school year 1952-1953 opened in June with 1514 students enrolled and a faculty of 69. This filled our compound to capacity and convinced us that more space must be found. We hope to get more adequate quarters for our high school and leave the present plant to the Elementary school.

In July Mrs. Yao-Lim Nga Siu, assistant principal, left for Boston to be one of the Woman's Auxiliary delegates to Triennial. Miss Ang Siu Cham took over much of her work and carried on until her return in December. Another traveller, Mrs. Huang-Ong Be Gim, our kindergarten teacher, went to Chicago to attend the wedding of her daughter Le Tin, a former teacher in St. Stephen's. While we rejoiced in the opportunities of these two teachers they were much missed and we were happy to welcome them back in December.

In October, between the semesters, St. Stephen's Church conducted a three day evangelistic meeting to which the high school students were required to come. Out of this grew a new Sunday school class and a Junior Choir.

The regular Sunday School has met each Sunday of the year. The Intermediate children open with a short service conducted by one of our teachers. Then while they are having classes the primary department, which starts with classes, goes to the assembly hall for a closing service. The two groups combine the last Sunday of each month for a special service and program. The total attendance is about 350.

A High School Christmas program and party on the 20th, an elementary program on the morning of the 22nd, and a faculty dinner that evening brought to a close our regular scheduled year. However, activities continued. On December 23, the Church Choir presented a mid-winter concert in our assembly hall and from December 26 to 31, the Young People of St. Stephen's Church held a Winter Conference, living, eating and meeting in the school. And so a busy year drew to a close.

There were a few highlights during the year not exactly included in our schedule. The Y's Mens' Club of Manila held an inter-school speaking contest in which St. Stephen's was fortunate enough to win the first place in both Junior and Senior divisions. Both winners received gold medals and in addition the senior was given a one year University scholarship for use when she finishes High School. Another field of interest has been athletics. Our girls team was invited to play in the game before the famed Globetrotters game in Rizal Stadium. Here we also came out on top and had the reward of front seats to see the main Globetrotters game following. We had the pleasure of taking part in St. Andrew's Fiesta when our boys played their team in basket ball.

1952 has been a good year and we thank God for the spirit of co-operation and happiness among both students and teachers and pray for His blessing on us in this new year.

Respectfully submitted,

CONSTANCE BOLDERSTON
Principal

ST. MARY'S SCHOOL

The enrollment at the beginning of the school year 1952-53 was 302; the number has decreased to 265. Comparative figures for 1950-51 were 171 dropping to 150; and for 1951-52 were 220 declining to 204. There was thus a 29% increase last year over the year before, and a 38% increase this year. The reasons for the increase seem fairly obvious: St. Mary's is the only high school in quite a large district; until the Lepanto High School opened this year there was no government high school in the Mountain Province outside of Baguio and Trinidad; there is no other Anglican high school especially established for Igorots; St. Mary's has a splendid school building in a beautiful mission compound that includes the Diocese' largest church and a very efficiently run

hospital; the tuition fees charged at St. Mary's are still about as low as at any private high school in the country; and the school has a prestige due to the long tradition of faithful service of missionaries and native teachers.

The increase in the number of students has been in the high school; there are about 25% fewer students in the Fifth and Sixth Grades than there were two years ago. The Sagada Municipality now operates three good six-year elementary schools — Sagada Central, Ambasing, and Ankiling. Our St. Gregory's School in nearby Bagnen is also a six-year elementary school and does high standard work. Our Bontoc and Besao Mission schools this year have large fifth and sixth grade classes. St. Matthew's, Bangaan, has just added the fifth grade. These developments are responsible for two tendencies in St. Mary's: a decline in the numbers in the grades, and a very big increase in the enrollment in the seventh grade.

Government recognition as a secondary vocational school was awarded St. Mary's in March, 1952. The elementary grades were not granted recognition. A temporary permit for one year was secured just before the opening of the school year.

The seventh grade has not had any definite recognition or permission to operate. Formerly it went under the name Sixth Grade, A Section. Now it is called a preparatory year and is more closely linked with the high school. Government inspectors officially ignore it, but privately approve it. The government is apparently trying to restore this grade into the Philippine educational system. There is doubt as to whether it should be considered part of the high school or of the elementary department. It has always been a keystone grade in St. Mary's.

The year so far has been difficult on account of too many students, too few teachers, and too little money. Now the picture is rather changed. Some students have been lured to Tabuk or other attractive places, some were asked to leave, a few dropped out for financial or family reasons, and two were called for training in the army. With the return of the Sisters from furlough and with three new full time teachers — Miss Piluden, Mrs. Killip, and Mr. Guilan — added to those who have given long and faithful service, we now have a faculty whose loyalty, devotion, and ability is outstanding.

The financial outlook has also improved. The increased numbers of students meant large sums for textbooks and equipment. Teachers' salaries to meet government requirements average 50% higher than two years ago. The putting in of vocational training courses made necessary two additional teachers. Two other additional teachers were required to replace Americans. St. Mary's Mission appropriation was cut from P655. to P455. per month. Those were the difficulties which led to a big debit balance. Increased fees for tuition, the separation of the Boys' Dorm account from the School accounts, the requirement that fees be paid at least one month in advance, and most important, the allotment of Mr. Morgan's salary for 1952 to St. Mary's are removing the debit. A little leeway was given to students for paying back fees, though considerable sums have already been collected.

The School, since the last report, has had generous gifts. The National Council of the Church allotted \$1200 from the closed Epiphany School, Soochow, China, account to the Bishop Graves Loan Fund. From the USIS the School received a valuable 18-inch globe that is in constant daily use, and many books. The Church Periodical Club has continued its generous gifts of current periodicals and has written asking what else we need. Mrs. Yao's talks in America have brought responses from various parishes. Holy Trinity, Manila, has sent many used magazines.

Home Economics functions smoothly under Mrs. Guilan. Our student carpenters have made classroom seats for 48 students and two handsome desks for the school office and are now building a chicken house for the Boys' Dorm. They have not yet got into production for outside sales, but hope to do so soon.

Under Miss Tomlin's oversight of finances and buying, the Boys' Dorm now runs on the ₱17 a month that the boys pay for board, and there is usually a balance. Last year the cost per student was about ₱18.50 and the Dorm was a drain on the School funds.

Last year the Girls' Dormitory was considered crowded with 60 students. The ex-stable, ex-chapel, and ex-social hall for the girls has been fixed up with alcoves. This year there are 90 girls in the dormitory. In the absence of the Sisters, Deaconess Ashcroft had charge.

The big need for St. Mary's is electricity. Lighting in the dormitories is not adequate for night study. Kerosene lamps are a fire hazard and a real danger in the crowded Girls' Dormitory.

St. Mary's has its problems and difficulties, but it can be said that in 1952-53, as in previous years, it provides a happy environment for both students and teachers, which should be conducive to growth in "wisdom and stature, and in favor with God and man."

Respectfully submitted,

J. R. NORTON
Principal

SAINT PAUL'S MEMORIAL SCHOOL

Regular classes continued to function for four months during the early part of the year, 1952. The Seniors' Night and the Baccalaureate Service were held two days alternately preceeding the Commencement program. As the closing of the high school coincided with the visit of the Suffragan Bishop, it was a great honor to have the Rt. Rev. Robert F. Wilner give the commencement address.

Classes for the school year 1952-53 began on the 1st of July. The enrollment to date is 67 which is less by two than the total enrollment at the beginning of the school year. Of this number of students, 27 are First Year, 19 Second Year, 9 Third Year, and 14 Fourth Year. Every year, the First Year class has been the largest, but gradually decreases in the upper classes as the work becomes too difficult.

With limited funds, very little could be done about raising the academic standard. While I believe the present standard is higher than most of the public and private schools now existing, there is a need to raise this in the future so that our graduates who desire to serve in the ministry can cope with the work in the Seminary.

To a certain extent, success has been achieved in the line of vocational guidance. Two of our graduates last year have pursued vocational courses and they are doing well. This is interesting because previous graduates shunned vocational courses if they continued to study after high school.

The School's objective of providing religious training to the students is well maintained.

Miss Ella Foerstel joined the faculty last July as teacher of the Fourth Year girls class in Child Care and Home Making. Mr. Jose Damaligan, one of the teachers last year, did not return for this present school year, but Mr. Doroteo Melecio joined the teaching staff in July.

The position of a full time teacher left vacant by the sudden leaving of Miss Elsie Pucay, who was forced to break her contract because her visa to go to the States was approved sooner than she thought, created a serious problem of finding one to take her place. It was necessary to immediately fill the vacancy as the other teachers could not handle any more subjects than they were teaching without impairing their efficiency. Miss Florence Malaggay, who is an E.T.C. graduate is temporarily appointed to teach the vocational subjects in the First and Third Years besides taking charge of the Girls Physical Education. On the whole, no serious effect upon the efficiency of instruction was incurred. All was taken care of through the help of the other members of the Mission staff. With the presence of Miss Rose Capuyan, fresh from College and a product of St. Mary's High School, the School will have a complete teaching personnel for next year. We have now eight teachers, four full time and four part time. Five are paid and three are giving their services free.

The amount paid monthly to the five teachers this school year is P690.00, P40.00 more than the amount paid monthly last year. The monthly increase of P15.00 comes from Mission funds granted by the Bishop and the P25.00 from tuition fees. This increase, however, does not standardize the salaries of teachers but an effort will be made to do something about this matter for the next school year.

No change is made in the amount of tuition fees charged. Although, there is difficulty in collecting the same, those students who lag in their payments usually pay before the end of the school year. The School is doing its share to solve its financial problem, but this can not be done in a short time. At present, it is exploiting all possible means by which students can meet their financial obligation so that they will not only depend upon the Mission to give them employment, but are encouraged to produce their own products, especially agricultural products like fruits trees. In this way students who cannot afford to go to school can be taught to provide their own financial support. Some students have done this. While the School is still struggling to assume, in greater measure, its yearly cost of operation, no debts whatsoever have been incurred. There is one need, however, which is not only true in Balbalasang, but also in other Mission stations having schools, and that is the need for not only professionally qualified, but loyal and devoted teachers who are willing to sacrifice for the advancement of the Mission schools.

Progress has been made in the vocational courses offered. The products from the School garden, Home Economics, and Industrial arts are sold and the money turned in to the school. For the year 1952, this part of the school work netted P128.40. This was used to purchase tools for the carpentry shop and some equipment for Home Economics.

As a result of the inspection of the lady inspector from the Bureau of Private Schools who failed to reach Balbalasang in the month of May, the following deficiencies were noted: No library, only one teacher qualified, and the total cash available even smaller than the monthly operating expenses of P833.00. All of this, except the room for the library, has been corrected. As a matter of fact, one of these deficiencies is reversed. I reported that there was only one teacher not qualified, but it appears on the report that one was qualified. I have informed the Bureau of the corrections. The room for the library will be taken care of this coming vacation. The latest inspection made by Mr. Andres Mabalot who came last October, however, showed that the deficiencies are all corrected.

Laboratory equipment and books are sufficient. This was made possible through the generosity of the Bishop and "specials" from both American and Filipino friends. I wish to take this opportunity of expressing my sincere gratitude to all who contributed generously to the

support of the school at its time of great need and especially for the prayers of our Christian friends.

In short, the school has done something towards unifying the people behind the Church School in Balbalasang. It is the objective of the administration to bring the school to the people as its own thus forming a solid family under the Church.

Respectfully submitted,

FREDERICK DAO-AYAN
Principal

ST. ANDREW'S THEOLOGICAL SEMINARY

One of the major interests at the Seminary during the year 1952 has been the building program. Plans and cost were carefully considered, and an appeal for an additional \$65,000 was made to the National Council. The request was granted. Everyone at the Seminary wishes to express thanks for the additional gift which has made the building program possible.

The plan which was conceived by Mr. J. Van Wie Bergamini provides accommodations for sixty students. There is ample space for the Library, Classrooms, Common Room and recreation area. Chapel services will be held in the recreation room until the crypt of the Cathedral is built. There are quarters for employees and for three single members of the staff.

The two main buildings are to be of concrete. The other buildings are to be of frame construction. We look forward to a period, when, for the first time, physical equipment will be adequate. Funds for furnishings must be raised privately.

STUDENTS: The total enrollment for the year 1952 was thirty-eight. At the end of the first semester the enrollment dropped to thirty-three. The total enrollment increased by eight over the previous year, and the settled enrollment increased by nine.

At the close of the year 1952 the students from the Philippine Episcopal Church numbered eighteen and the students of the Philippine Independent Church numbered fifteen.

CURRICULUM: The curriculum was reviewed and revised in certain details.

FACULTY: In May of 1952 the Reverend Robert H. Whitaker and the Reverend John Frederick Harriman left the Philippines for furlough and leave of absence in the United States. The Reverend H. Ellsworth Chandlee left in November for regular furlough.

Three new appointments to the Staff were made during the year. The Reverend Floyd Freeston formerly curate at St. Luke's Chapel, New York City, arrived with Mrs. Freeston in June, and the Reverend Roland Foster formerly in charge of missions centering in Athens, Tennessee, arrived in July accompanied by Mrs. Foster and their young son. Mrs. Foster is teaching courses in English Grammar and Literature. The Reverend Maurice Garrison, at present a tutor at the General Theological Seminary, will not arrive until June of 1953.

The Reverend Conrad Myrick, a full time member of the Faculty shared his time with St. Luke's Hospital as acting Chaplain. Miss Elizabeth Hassel, a teacher in the history department at the University of the Philippines, has been appointed to teach a course in Ancient and Modern History.

PASTORAL WORK: The chief weakness in the pastoral program continues to be inadequate supervision. The reasons for this situation are three: insufficient staff for a five year curriculum for the academic year 1952-53; the lack of a more concrete policy in the neighborhood and surrounding areas; the lack of physical space for the conducting of instruction for children and young people of the area.

EXTENSION COURSES: Owing to a staff shortage and to limited space the Seminary was unable to hold an Extension Course in 1952 for clergy of the Philippine Independent Church. It is hoped that the new buildings will be completed in time to provide such a course in 1953.

GROWTH: The Seminary has grown during the past years in almost every way. Numbers have increased, and along with numbers has come added responsibility and work in every department and project within the institution.

The Seminary will continue to grow for the next several years. According to the present rate of increase of the student body, the enrollment for 1953 should reach forty-five or possibly more.

Growth among other things means increased expenses of operation, the funds for which must be found either in a larger appropriation or in increased student financial responsibility. Both are under consideration.

FINANCIAL RESPONSIBILITY OF STUDENTS: The plan to shift the emphasis of financial responsibility from the Mission to the student was put into operation in July of 1952. The plan has worked. The saving in money has not been great, approximately P750.00 for a six months period. The students have been very receptive to the idea of contributing toward their support as they are able. Responsibility of this kind will grow, thus releasing funds for aspects of theological education within the Seminary other than support of students.

APPRECIATION: The Seminary continues to be indebted to friends in the Philippines and in the United States. It is noted with appreciation that friends of the Seminary in the Philippines are increasing. We have only to point to the generous response made by the congregations to the first Theological Education Sunday offering made in the Philippines and to the increasing help of congregations and organizations and individuals in terms of interest and material help.

Respectfully submitted,

WAYLAND S. MANDELL
Dean

APPENDIX S

REPORT OF THE COMMITTEE ON RELIGIOUS EDUCATION

The Committee on Religious Education met and organized at 8:50 A.M., January 30, 1953 in the Sacristy of St. Luke's Church with all members present.

The Rev. Albert Masferré was elected Chairman and Miss Bernice Jansen, Secretary. The meeting adjourned at 9:00 A.M.

Respectfully submitted,

BERNICE JANSEN
Secretary

APPENDIX T

REPORT OF THE COMMITTEE ON MISSION SCHOOLS

The Committee on Mission Schools, appointed by the Bishop at the 1953 Convocation, plans to carry out the general program outlined by the previous committee and submitted to the "First Session" of the 1953 Convocation, under the topic heading: BASIC OBJECTIVES OF MISSION EDUCATION.

Respectfully submitted,

LYMAN C. OGILBY

APPENDIX U

REPORT OF THE PUBLICITY COMMITTEE

The Publicity Committee met at 4 P.M. on January 30th for the purpose of organizing. Helen Boyle was elected Chairman.

The Committee recommends that Convocation request all Parishes and Central Stations to contribute ₱5.00 each for publicity during the year 1953.

Respectfully submitted,

HELEN BOYLE
Chairman

APPENDIX V

REPORT OF THE ANGLICAN CHURCHMAN

The members of the editorial staff of the *Anglican Churchman* appointed at the 1953 Convocation have been informed of their duties by the Editor; and we hope to furnish the Philippine Episcopal Church with bigger, better, funnier and more issues of this paper in the coming year.

Respectfully submitted,

LYMAN C. OGILBY
Editor

APPENDIX W

REPORT OF THE COMMISSION ON TRANSLATION OF THE BOOK OF COMMON PRAYER

The Commission met and organized at 4:10 P.M., January 29, 1953, at St. Luke's Hospital. Fr. Mandell was elected Chairman. Fr. Myrick was elected Secretary.

An outline of the work for the year was drawn up and adopted. The program is as follows:

A. Ilocano Section

1. The translation of the Holy Communion is to be completed.
2. Holy Baptism and the Solemnization of Holy Matrimony are to be translated by three translators working independently.

B. Tagalog Section

1. The Creed, the Lord's Prayer, The Ten Commandments are to be prepared for immediate authorization.
2. The translation of the Holy Communion is to be completed.
3. The translation of Holy Baptism is to be undertaken.

C. The Commission sets the middle of June as a deadline for the above projects at which time a meeting of the whole Commission will be held.

Respectfully submitted,

WAYLAND S. MANDELL
Chairman

APPENDIX X

THE UNDERSIGNED, members of a special committee of the Convocation of the Missionary District of the Philippines, appointed to consider and make recommendations on the petition of the Mission of the Resurrection, Baguio, to be admitted as a Parish in union with this Convocation, present this report:

We have examined the documents, letters and other papers submitted in support of this petition, have conferred individually and in groups with the Rector and members of the Vestry of the proposed parish, and unanimously recommended to this Convocation of the Missionary District of the Philippines the approval of the petition of the Mission of the Resurrection, Baguio.

APPENDIX Y

RESOLUTION FROM THE NIPPON SEI KO KWAI

To the Right Reverend Bishops, the Reverend Clergy, and the Laity of the Holy Catholic Church of the Philippines:

GREETINGS!

The National Council and the House of Bishops of the Holy Catholic Church of Japan met from January 12th to January 14th, in the year of our Lord 1953; and at their meeting the following resolution was passed unanimously:

RESOLVED: That we feel it a great privilege that our beloved Bishop, the Right Reverend Timothy Shinzo Nakamura, S.T.D., Bishop of Tohoku, has been invited by the Right Reverend Norman S. Binsted, D.D., Bishop of the Philippines, to take part in the consecration of the new Suffragan Bishop. It is our great joy to extend through Bishop Nakamura cordial greetings to our brethren in the Philippines and felicitations to the new Suffragan Bishop.

Bishop Binsted was our former Bishop of Tohoku. His Apostolic successor, Bishop Nakamura, has now been invited to be present at this great occasion of your Church. This invitation has brought us a great joy and gratitude, and we sincerely hope that the bond between your Church and our Church will be more strengthened. We know that our oneness in Christ can never be destroyed by political or military tyranny or barbarism.

May the abundant blessing of our Lord be upon your Church and all the Brethren! All glory and power be to God for ever and ever. Amen.
